FIVE DEAD, MANY INJURED, AND PROPERTY LOSS OF MILLIONS IN STORM SWEEPING NEW ORLEANS

Most Severe Gulf Storm in History of City—Reaches Velocity of Eighty-Six Miles an Hour—Scores of Buildings Demolished and Hundreds of Structures Unroofed—The Streets Are Strewn With Debris.

RAILROAD AND WIRE COMMUNICATION CUT; ELECTRIC AND TROLLEY SERVICE STOPPED

Hurricane Sweeps Mississippi Gulf Coast and Levees Below New Orleans Have Broken—Biloxi, Miss., Reported 6 Feet Under Water—The Storm is Subsiding.

New Orleans, September 29.—(Via wireless, steamships Excelsior and Creole, to Mobile).—Five persons are known to be dead, many people injured and property loss reaching into the millions has been caused tonight by the most severe Gulf storm in the history of the city. A howling gale, with a velocity of eighty-six miles an hour, swept the city at 6 o'clock tonight, demolishing scores of buildings, stripping the roofs from hundreds of other structures, and strewing the streets with broken glass and debris.

Storm Subsiding.

At 7:30 a rising barometer gave evidence that the storm was subsiding, the center passing to the northwest of New Orleans. The barometer at its lowest registered 28.11, and the wind velocity of 86 miles was the highest ever recorded here.

Railroad and wire communication with the outside world had been cut off and telephone, electric light and trolley service discontinued in the city. All railroads have abandoned train service from New Orleans.

Wireless communication from New Orleans was interrupted by the failure of the electric plant, but messages were sent from the steamship Excelsior at dock here and relayed from the steamship Creole, anchored below New Orleans in the Mississippi river, to Mobile.

RIVER LEVEES BREAK

Houses Washed Away and at Least Two Lives Lost, Liner Creole Reports.

Mobile, Ala., Sept. 29.—New Orleans and the Mississippi Gulf coast tonight were swept by a tropical hurricane that demoralized communication and led to fears of heavy loss of life and property. The Mississippi river levees below New Orleans, have broken, houses have been washed away and at least two lives have been lost in that section, according to a wireless message late today from the Morgan liner Creole, upward bound for New Orleans.

The business district of Biloxi, Miss., is under six feet of water, and train service has been abandoned because of washouts throughout a large section about Bay St. Louis.

Last reports coming from New Orleans before all means of communication were lost said the city was in darkness because of the flooding of electric plants. Wind had driven the water in Lake Ponchartrain above the sea wall, and Milneburg and other New Orleans suburbs along the lake were partially under water. The advices said automobiles were bringing in the inhabitants of that section, and that no loss of life had been reported.

Two Floating Bodies Sighted.

The Creole, in a brief message received here early tonight said she was encountering a storm of such fury that it was doubtful whether her wireless apparatus would long remain intact. The vessel reported sighting two bodies near the section where the levees had given way. Aside from the fact that some houses had been demolished by the flood waters the Creole's message gave no details.

Wireless communication with New Orleans ceased before noon today and continued inability to re-establish communication with the powerful United Fruit station there led to fears that it might have suffered some damage from wind. Flooding of the electric power plant, however, was thought by some wireless experts responsible for the wireless station's silence. The wind reached a velocity of 90 miles an hour at New Orleans and at Bay St. Louis at 6 o'clock tonight, according to reports reaching here.

Wire Communication Cut.

Wire communication was possible tonight only as far as Bay St. Louis, and fragmentary reports from there told of extensive damage to property, but no loss of life. A long trestle of the Louisville and Nashville railroad between Bay St. Louis and New Orleans was reported to have been swept away. Few details of the damage, however, either in that section or at Biloxi, were obtainable.

Mobile escaped the worst of the storm, but the wind here was sufficient to drive the water over the wharves at the river front and unroof several houses.

The coast guard cutter Tallapoosa, anchored here, made repeated unsuccessful efforts tonight to reach by wireless the Southern Pacific liner Proteus, believed to be in the center of the storm off New Orleans bar. No word has come from the Proteus since she entered the storm area and shipping men here thought her wireless might have been disabled.

Reports of high water in Biloxi were discounted by the Louisville & Nashville railroad officials here, who said their tracks in Biloxi were not inundated. They had no confirmation of the reported destruction of the trestle between New Orleans and Bay St. Louis.

The barometer became stationery here at 8 o'clock tonight, and it was believed the worst of the storm had passed. The reading at that hour was 29.52 and the wind velocity 52 miles.

Extent of damage to the cities along the Mississippi coast was not definitely stated in despatches received by railroad officials here, but information was to the effect that the storm was the worst in the history of that section.

WILL MOVE NORTHWARD.

Storm Probably Will Lose Intensity as It Leaves Gulf Coast.

Washington, Sept. 29.—A special bulletin issued tonight by the Weather Bureau said the great storm raging on the gulf coast would advance northward, but would rapidly lose its intensity after leaving the coast. Since 2 o'clock this afternoon the bureau has been unable to communicate with New Orleans.

The bulletin follows:

"The tropical cyclone first observed on the 22nd over the eastern Caribbean sea whence it traveled westward, passing near and south of Jamaica, to the Yucatan channel, where it changed its course and moved northward, reached the Gulf coast near the mouth of the Mississippi river Monday morning. During Wednesday its center advanced northward and at 2 P. M. it was near and south of New Orleans, at which point the barometer read 29.10 inches, the wind was east and blowing 64 miles an hour. No report since that hour has been received from New Orleans. It is probable that this storm will advance northward, but will rapidly lose intensity after leaving the Gulf coast. Extraordinary measures for the dissemination of hurricane warnings issued by the weather bureau were taken on Tuesday and it is probable as a result the loss of life and property was reduced to a minimum."

BANKERS PLANNING FOR PLACING LOAN

Entire Programme May be Made Public Today.

PROGRESS YESTERDAY

Several Details to be Determined Upon. British and French Governments, Not Importers, to Get Proceeds of the Loan.

New York, Sept. 29.—Representatives of many banking and investment houses met today at the offices of J. P. Morgan & Company to formulate a definite programme for placing on the American market the $500,000,000 joint Anglo-French five-year bonds, soon to be issued to secure the credit loan to Great Britain and France. Such rapid progress was made during their protracted meeting that the entire programme probably will be in shape to make public tomorrow.

Undetermined details concern chiefly the minimum subscriptions to be fixed for individuals who desire to purchase large blocks of the bonds at 96, the price to the syndicate; the method of marketing the bonds; the date on which they will be offered; their listing on the stock exchange; the life of the syndicate, and the terms to be offered purchasers who wish to pay by installments. Upon none of these points, it was said, had a final decision been reached.

Bankers who have worked with the Anglo-French commission perfecting the plan, announced last night, said that the entire issue would be placed without great difficulty.

New York to Take Big Slice.

Fully 60 per cent of the issue, in the opinion of the president of one of the largest banks here, will be subscribed in New York City alone. This would leave $200,000,000 to be placed elsewhere. He thought that this could be readily done, although, in his opinion, bankers in Chicago and other Middle Western cities would not subscribe heavily. In Chicago, he said, many bankers who would otherwise subscribe might be prevented from doing so by the large pro-German element among their depositors. Opposition had developed there, he said, on the part of certain large manufacturing interests, also.

Local syndicates in the chief money centers of the country will assume control of the sale of bonds in their sections.

An energetic campaign will be passed by leading bond houses in disposing of the issue and bond salesmen will travel the country in numbers to interest investors.

Available to Governments.

The proceeds of the loan will be available to the British and French governments, rather than directly to importers in Great Britain and France. This gave rise to considerable conjecture in Wall Street, as to the manner in which the sum would be used to stabilize exchange. It was pointed out that there is nothing to prevent Great Britain and France from using the

VETERANS RE-TROD THEIR STEPS OF '65

Union Army Survivors March Up Pennsylvania Avenue.

THE PRESIDENT REVIEWS

Army of 200,000 Soldiers Fifty Years Ago Has Dwindled to About 20,000—Many Confederate Veterans March in Line.

Washington, Sept. 29.—The Grand Army of the Republic, marched up Pennsylvania Avenue from the Capitol to the White House today, as it did when the Union soldiers were mustered out of service 50 years ago. In '65 the army, as it passed review before President Andrew Johnson, was 200,000 strong. Today, in see blue ranks as they were reviewed by the first Southern-born president elected since the war, there were, according to the best estimates obtainable, about 20,000 men.

Some of them marched with the aid of crutches or canes. Others managed to get along by leaning upon the arms of stronger comrades. Many, though, re-trod the path of a half a century ago with buoyant step to the air of old-time war songs.

Blue and Grey Lock Arms.

All along the lines of march there were occasional scenes of the reunion of the Blue and the Grey which brought cheers and "rebel yells" from the crowds. One Confederate veteran, in uniform, joined the line of march and, locking arms with a veteran in blue, the two marched off to an uproar of applause. There were many Confederate veterans in the city and everywhere they were seen mingling with the G. A. R. men.

The weather was ideal. Only a few of the veterans were forced to retire from the ranks because of exhaustion. Ambulances were kept busy, however, by the few who were overcome and by women and children who fainted or were slightly hurt in the crowds, which almost rivaled those who gather for inauguration.

Seated with President Wilson in the White House reviewing stand was Col. David J. Palmer, commander-in-chief of the G. A. R., and Lieutenant General Nelson A. Miles, grand marshal of the parade, took a place in the President's box after the head of the long procession had passed.

Secretary Garrison, of the War Department, and Secretary Daniels, of the Navy department, were in boxes on either side of the President. Chief Justice White, a Confederate veteran; Sir Cecil Spring-Rice, the British ambassador, and J. J. Jusserand, the French ambassador, occupied seats nearby.

One section of the stand was occupied by civil war nurses, whom many of the veterans saluted as they passed.

Sailors Give Dress Parade.

After the veterans' parade on Pennsylvania avenue, thousands of the spectators gathered on the White House grounds for the dress parade by sailors from the Norfolk, Va., training school. The drill was reviewed also by President Wilson, who watched from the southern portico of the White House, and by officials of the Navy Department and other government departments.

PROTECT AMERICAN INDUSTRIES BEGUN AS RESULT OF WAR

Administration is Planning to Prohibit Flood of European Competition.

LETTER BY REDFIELD

Will Recommend That Unfair Competition From Abroad Not be Permitted.

Washington, Sept. 29.—An indication of what the adminstration is planning to do for the protection of American industries built up as a result of the European war, is given in an open letter written by Secretary Redfield, of the Department of Commerce, to Dr. E. E. Pratt, chief of the Bureau of Foreign and Domestic Commerce, and made public today.

It is made clear that the government will protect the new American industries from a flood of European competition at the close of the war, but the letter also shows that Mr. Redfield intends to avoid, so far as possible, any proposals for tariff revision.

The letter follows numerous conferences on plans for dealing with the situation expected to follow the war. The Bureau of Foreign and Domestic Commerce and the Federal Trade Commission have inaugurated a detailed investigation, which will cover the operation of the laws of various countries which prohibit "dumping", or the sale in those countries of any product at a price less than the cost of production.

American manufacturers seeking to enter fields of production occupied by foreign firms prior to the European war have been clamoring for assurances that they will not be subjected to a flood of foreign made products when peace is restored. Manufacturers preparing to turn dye stuffs have been especially anxious to assure themselves that the German dye works will not flood American markets with low priced products.

Secretary Redfield's Letter.

Secretary Redfield's letter says:

"If the question arises as to the attitude of the Department of Commerce toward what is called 'dumping' after the war shall end, you may say that I shall recommend in my annual report that unfair competition from abroad shall not be permitted to injure a legitimate American industry any more than it is permitted to do so in our domestic field. Especially I should oppose action on the part of any foreign monopoly toward controlling the American market by unfair competition in any attempt to injure or destroy an American industry. There is no doubt in my mind that this should be done. The more serious question to which consideration is being given is as to the method of doing it.

"Various plans have been proposed, some of which seem to permit reactions which are possibly undesirable. I am considering the methods used in different countries with a frank preference for such as have nothing to do with tariffs or duties. I should be very glad to receive suggestions from practical commercial men as to the most efficient means of detaching and preventing this unfair competition.

"You may be quite sure of my earn-

GERMANS' THIRD LINE OF DEFENSE IS BEING ATTACKED BY BRITISH

STOCK TRADING GOES OVER 1,500,000 SHARES

That Mark Passed For Third Consecutive Time

Momentum Given by Announcement of Agreement on Foreign Loan. Bond Market Active But Irregular—Rise Loses.

New York, Sept. 29.—Another hysterical outburst of trading in specialties, especially war shares, featured today's active session on the stock exchange. Dealings in the first hour approached the big total of 450,000 shares and for the entire session aggregated almost 1,600,000, making the third consecutive session in which transactions passed the 1,500,000 mark.

Today's rising movement, which lost much ground in the later dealings, gathered fresh momentum from the overnight announcement that the essential details of the Anglo-French loan had been agreed to by the high contracting parties.

From the outset, however, it was plainly seen that buying orders were being matched by heavy selling.

In fact, stocks were so liberally supplied as the session progressed that prices gradually fell away. In the final hour offerings assumed larger dimensions and specialties declined precipitately, some of the larger gains being reduced by one-half or two-thirds while some others were altogether obliterated. For a time there was a fair demand for railways and other investment stocks but these also felt the force of the late impact and yielded in common with more mercurial issues.

The bond market also was very active but in that class of securities the movement was irregular throughout. Students of investment conditions are of the opinion that the forthcoming issue of Anglo-French notes is likely to give a further set-back to bonds as a whole.

HEFLIN PREDICTS FIFTEEN CENT COTTON BY CHRISTMAS

And That the South's Cotton Crop Will Not Be Over 10,000,000 Bales.

Washington, Sept. 29.—Representative Heflin, of Alabama, issued a statement today in which he predicts that the South cotton crop this year would not be more than 10,000,000 bales and that the price would reach 15 cents before Christmas. Owing to short crops in India, Egypt and Russia, Mr. Heflin said, and the demand for cotton for war purposes the world supply would be nearly six million bales short of the demand.

OBREGON CAPTURES TORREON.

Telegram Says He Intends to Push On and Rout "The Reactionaries."

Vera Cruz, September 29. — The city of Torreon fell to General Obregon late today, according to a brief telegram from General Obregon to General Carranza tonight. The telegram announced that General Obregon had taken his position in Torreon and that he intended to push on and completely rout "the reactionaries."

General Carranza on receiving the message, gave orders for the ringing of all the church bells in the city.

French Claim Capture of Hill 140, an Important Position, in Artois.

GERMANS REINFORCED

Troops Being Removed From East, and Emperor is Reported to be in West.

Continue Drive Against Russians; British Defeat Turks.

London, September 29.—The Allies continue their great offensive in Artois and the Champagne, and, according to French accounts, further progress has been made in both areas. In Artois the French claim to have reached Hill No. 140 which lies directly east of Vimy and is the culminating point of the crests named after that town. The importance of the hill lies in the fact that it commands the plains to the east, the network of roads and the railway which runs from Lens southward.

So far as Champagne is concerned the French appear at present to be making their chief effort towards the railway junction north of Massiges, which accounts for the desperate efforts of the Germans to stem the tide and for the crown prince's counter stroke in the Argonne, as this railway connects the German army in the Argonne with its base at Vouziers.

Germans Transfer Troops.

Perhaps the heaviest fighting since the offensive began is now going on, for the British are attacking the German third line of defense south of La-Basse canal, and the Germans have brought up reinforcements against both the British and the French and are makin gevery effort to regain the lost ground. Belgium, despatches from Holland say, has been denuded of troops, while German detachments are even being removed from the eastern front to meet what is known to be the greatest effort made in the west since the armies took up their present position from Belgium to Switzerland.

The Germans are trying to divert the Allies by a heavy artillery bombardment north and south of the Aisne, but plans having been made by General Joffre, the French are striking with all the forces at their command at the points selected. It is reported that the German emperor has arrived at the western front and that he has already dismissed some of his generals for allowing their lines to be pressed back to almost the breaking point.

Continue Drive Against Russians.

Despite the transfer of some troops to the west, the Germans continue to strike hard at the Russians practically all along their front. Field Marshal Von Hindenburg is delivering heavy strokes against Dvinsk while his colleagues on his right is pushing forward to the east of Vileka and Moldochno in an attempt to turn the Russian position and has now reached a point to the north of Minsk, which another army is advancing upon from the southwest.

Field Marshal Von Mackensen and Prince Leopold, of Bavaria, apparently are inactive, owing, doubtless, to the marshes which are now impassable, but General Von Linsingen is still pressing hard on the Russians in Volhynia. It is expected that the weather will soon put an end to the operations in the east as with the continuel rains the rivers can not be forded, and the Russians, wherever possible, are getting behind them.

British Defeat Turks.

The British have inflicted another serious defeat on the Turks in Mesopotamia. The Tigris army, after suffering heavy losses, is in flight towards Bagdad. Thus, the three armies which the Turks sent to Mesopotamia against the Anglo-Indian invaders, have been scattered. In May the Tigris army was driven back from Kurna to the north of Amara; the army of the Karun was driven from Ahwaz, and the army of the Euphrates was last heard of as fugitive on the river somewhere north of Nairie.

It is again reported that an Austro-German army, 500,000 strong, is assembling for an offensive against Serbia.

ALLIED TROOPS LAND.

British and French Soldiers Intended for Service in Serbia.

Berlin, Sept. 29. (by wireless to Sayville)—British and French troops intended for service in Serbia have been landed at Port Kathrin, near Saloniki, Greece, according to reports from Budapest received by the Frankfurter Zeitung, the Overseas News Agency announces today.

CLAIMS RE-CAPTURE.

Success Against British North of Loos Reported by the Germans.

Berlin, via London, Sept. 29.—Recapture from the British of part of the territory won from the Germans north of Loos was announced today by the war office. French attacks near Souchez and Neuville are said to have been "partly repulsed."

In the Champagne French attempts to break through the German lines are said to have been unsuccessful.

BRITISH TRANSPORT SUNK.

Mohammedan Engineer Did the Sinking, is Report from Berlin.

(Continued on Page Eight.)

LONG DISTANCE WIRELESS TELEPHONE IS A SUCCESS

Communication With Human Voice Accomplished From Naval Radio Plant at Arlington, Va., to Mare Island, Cal., a Distance of 2,500 Miles—Transfer from Wire.

Washington, September 29. — Long distance wireless telephone communication was accomplished for the first time today, when experiments extending over several months culminated in successful transmission of the human voice by radio from the great naval plant at Arlington, Va., across the continent to the station at Mare Island, California, 2,500 miles away.

The experiments were conducted under direction of Captain Bullari, chief of the navy's radio service, in co-operation with the American Telephone & Telegraph Company and the Western Electric Company.

Secretary Daniels, announcing the result tonight, predicted that further development of wireless telephony would make great changes in long distance communication both for military and naval service, and in commercial usage.

Another Test Successful.

Successful operation of a device for automatically transferring to the radio telephone conversations originating on metallic circuits, also was accomplished in today's tests. President Theodore N. Vail and other officials of the American Telephone & Telegraph Company, at New York, talked easily with the Mare Island station, the conversation traveling over an ordinary metallic line from New York to Arlington and thence by radio across the continent.

"The fact that the voices can be started on a land wire and automatically transmitted to a voice radio transmitter," said Secretary Daniels, holds out hope that persons inland should readily be put in touch by telephone with others at sea, through some central transmitting station.

"Every official taking part in this demonstration is enthusiastic about the results and the possibility of developing this system as an extension of the telephone system to ships at sea.

"The use of such long distance telephone communication in naval or military operations is still in an undeveloped state, but it is expected valuable use can be made of this wonderful demonstration, but aside from such considerations, the Department and its officials may well feel proud that they have been interested co-operators in the first practical development of this latest march in the wonderful science of radio communication."

WIRELESS TELEPHONY ASSURED.

Distinct Conversation Carried on Between New York and San Francisco.

New York, Sept. 29.—President Vail, surrounded by a few officials of the American Telephone & Telegraph Company, picked up the transmitter in his office here today and called John J. Carty, chief engineer of the company, at San Francisco. The latter replied almost instantaneously and the men conversed for several minutes in a clear, distinct tone, although the conversation was being relayed 2,500 miles by wireless from the Arlington station.

The transmission of audible speech through by wireless can be taken as

(Continued on Page Eight.)

MADE DEFENDANTS IN BIG RESTITUTION SUIT

Former Rock Island Directors Sued for $7,500,000.

Messrs. Reid and Moore Are Principals and Are Charged With Diverting Sum "in Their Own Interest" From Road's Treasury.

New York, Sept. 29.—Directors of the Rock Island railroad system under the regime of Daniel G. Reid and William H. Moore were made defendants in a restitution suit for $7,500,000 brought in the Supreme court today by Jacob M. Dickinson, receiver for the Chicago, Rock Island & Pacific Railway Company, the operating company of the Rock Island combination.

It is alleged that as directors of the Chicago, Rock Island & Pacific Railroad Company (the holding company for the railway company), Messrs. Reid and oMore and their fellow directors unlawfully diverted "in their own interest," the sum of $7,500,000 from the treasury of the railway company into the treasury of the railroad company. This was used, it is alleged, toward the redemption of a bond issue, part of which was pledged by the railroad company against stock of the St. Louis & San Francisco railroad, which the railroad company wanted to sell and did sell to B. F. Yoakum.

The fact that the railroad company was at that time financially embarrassed is given in the complaint as the reason why the defendants caused the funds to be diverted, Messrs. Reid and Moore and Ogden Mills "being then largely interested in the bonds of the railroad company and in the stock and securities of the New Jersey corporation (the Rock Island company) which then owned the capital stock of the railroad company."

The defendants named, besides Messrs. Reid, Moore and Mills, are Richard A. Jackson, Francis L. Hine, William T. Graham, Edwin S. Moore, Henry U. Mudge and the executors of George C McCurty, deceased

MISSING AMERICAN SOLDIER SHOT TO DEATH BY MEXICANS

Carranza Commander Led Attack in Which Private Johnson Was Captured—Body Mutilated and Head and Ears Taken as Souvenirs—Mexican Prisoner's Story.

San Antonio, Texas, Sept. 29—The Carranza commander at Las Pelados, Mexico, headed the attacking party of Mexicans who crossed the border last Friday night and in a fight with American soldiers captured Trooper Richard J. Johnson, whom they shot and then mutilated by taking his head and ears for souvenirs, it was reported today to Southern department headquarters by Captain Frank R. McCoy.

Guadaloupe Cuellar, a Mexican, who said he was one of the attacking party, gave the details of the fight to Captain McCoy in a sworn statement.

Cuellar was arrested several days ago by civil authorities and is held in connection with the investigation of the Progreso fight, during which Johnson disappeared.

Unconfirmed reports said Cuellar had made a complete confession to the sheriff's office, but until Captain McCoy's report, made public at army headquarters here today, there was no verification. Johnson's body has not been recovered.

Captain McCoy, who commands the border sub-district of Mission, summarized the affidavit of Cuellar as follows:

"Under command of the Carranza officer stationed at Las Pelados with his troops recently arrived from Matamoras, a crossing was made during the night in their boats. The detachment of American soldiers at the crossing was shot up and overpowered; one, presumably Richard Johnson, was made a prisoner and taken across to the Mexican side where he was without provocation shot five times, his ears and head cut off and carried away as souvenirs and the remains thrown into the Rio Grande. The horses and arms captured from the American detachment was taken across and held in the cuartel of the Carranza soldiers at Las Pelados, which is only a quarter of a mile of the crossing and scene of the fight.

Unconfirmed reports have told of the parading of the head of the American soldier stuck on a pole, through the small villages on the Mexican side of the Rio Grande. Johnson's home was in Mount Morris, N. Y. He was 21 years old.

CAVALRY FIRED UPON

Americans Return Fire of Mexicans —No Damage is Reported.

Brownsville, Texas, Sept. 29.—Three shots were fired today at a patrol of 20 American cavalrymen near LaFeria pumping plan, about 25 miles up the Rio Grande. Two shots came from the Mexican side of the river and the other from some one hidden in the brush on the American side. The troops saw no one but fired about 60 shots in an effort to beat the brush in the direction of the concealed snipers to see whether Mexicans were gathering for an attack.

Major Edward Anderson, of the 12th cavalry said he considered the shooting of little significance.

Baltimore	46	102	.311

Pittsburg, Sept. 29.—With the defeat of Pittsburg by Chicago today and the victory of Kansas City over St. Louis, the Federal League race has become closer, only half a game separating the local club from the other two. The score here today was 6 to 3, the Rebels losing the game owing to the wildness of the pitchers and Kelley's two errors. With the score 3 to 1 in Pittsburg's favor at the opening of the sixth Zwilling singled with two out and stole second. Two passes filled the bases. Comstock relieved Allen and after passing Mann, who forced Zwilling in, gave way to Dickson, who walked Fisher, forcing Wilson over with the tieing run. Kelly then dropped Doolan's long fly and Handford and Mann scored.

Chicago .....000 104 100—6 5 0
Pittsburg .....100 110 000—3 7 2
McConnell, Brown and Wilson and Fischer; Allen, Comstock, Dickson, O'Conner and Barger.

St. Louis, Sept. 29.—In a pitchers' duel, Packard, of Kansas City, held St. Louis to four scattered singles today and won his own game in the sixth inning with a home run drive, giving Kansas City a 1 to 0 victory.

Davenport also was effective, but his team mates were unable to hit with men on bases. The visitors had but two men left on base and barring Packard none reached second.

Kansas City .....000 001 000—1 5 0
St. Louis .....000 000 000—0 4 0
Packard and Easterly; Davenport, Crandall and Hartley.

Brooklyn, Sept. 29.—Buffalo took the first game of the series from Brooklyn 7 to 6 today. The game was replete with poor fielding and ineffective pitching. The work of Cauff and McGee featured.

Buffalo .....401 000 020—7 7 2
Brooklyn .....050 010 000—6 9 1

SIX ROCKY MOUNT FANS TO SEE PART OF WORLD SERIES.

Rocky Mount, N. C., Sept. 29.—"On to Philadelphia," is the slogan of the more ardent baseball fans and followers in this city of the big leagues and representation is assured at some of the world's series games. There was last night forwarded a cashier's check for $100 for tickets to the Philadelphia National League management and a request that tickets for the party should be reserved, and, according to the plans, six gentlemen from this city and probably more will leave Rocky Mount on Thursday, October 7th, provided the first games are played in Philadelphia, and on Sunday night, October 10th provided this is not the case. The party from this city will be made up of Messrs. W. B. Moye, E. D. Gordon, Norman Chambliss, P. R. Ashby, and Drs. M. R. Braswell and J. P. Whitehead and Dr. Leggetts, of Scotland Neck.

DISCUSS DETAILS OF WORLD'S SERIES IN NEW YORK SATURDAY

Cincinnati, Sept. 29.—It was officially announced at the headquarters of the National Baseball Commission here that the commission will meet in New York City next Saturday to take up the details of the world's championship baseball series.

"It is not time to discuss details now," said Chairman August Herrmann today, "and we will not discuss them until both pennant races are definitely decided. No arrangements whatever will be made by the commission until after the meeting next Saturday."

HONORS WON IN THE GRAND CIRCUIT RACES AT COLUMBUS

Columbus, Ohio, Sept. 29.—Charles Valentine's pacers, Judge Ormonde and Dwight Logan, shared today's grand circuit honors with Mary Putney, three-year-old trotter. Neither pacer won, each race being unfinished, but Judge Ormonde did a mile in 2.02 1-2 in the third heat of the Arch City stake and Dwight Logan got two heats of the 2:13 pace, stepping the second one in 2:05 1-2. Mary Putney earned $5,200 and $500 cup when she won the horseman's futurity that had an aggregate value of $10,000.

Philadelphia, Sept. 29.—C. B. Buxton, Philadelphia, won the invitation golf tournament of the Merion Cricket Club today by defeating Sidney E. Sharwood in the final round two up and one to play. In the semi-final round, Buxton beat H. L. Willoughby 3 up and 2 to play, while Sharwood won from L. M. Washburn by the same margin.

New York	67	79	.459

Boston, Sept. 29.—The Philadelphias today won the National League championship for 1915, with Alexander pitching a one-hit game against the present title holding Braves. The score was 5 to 0. The defeat of the Braves makes it possible for the league leaders to lose all their remaining games and still have clear title to first place.

Among the spectators of the game were some of the Boston American players, the probable competitors of Philadelphia in the world series. Manager Carrigan, of the Red Sox, watched the play carefully. "It seems to be a well rounded combination, but I'm sure we can beat them," he remarked during the game.

It was "Patsy Moran Day" at Braves Field and several thousand persons turned out especially to honor the visiting manager. Most of them came from Fitchburg, Mass., his home town. Among them was David A. Walsh, governor of the State, who presented Moran with a great floral horseshoe.

The new champions clinched their honors in the first inning. Bancroft's single to right, and Rudolph's pass to Baskert was followed by Cravath's home run, which brought the latter's home run record to twenty-three. A triple by Baskert sent another home in the fourth and Cravath cracked a double to left and Luderus a single there for the fifth run in the seventh inning.

Summary.

Two-base hit, Alexander, Cravath. Three-base hit, Paskert. Home run, Cravath. Sacrifice hit, Stock. Left on bases, Philadelphia 7, Boston 3. First base on errors, Philadelphia 2, Boston 1. Base on balls, Off Alexander 1, off Rudolph 1. Struck out, by Alexander 4, by Rudolph 6. Umpires, Rigler and O'Day. Time, 1:28.

Chicago, Sept. 29.—Chicago went into fourth place today when they won the fifth straight game of the series from Cincinnatit, 5 to 4, three home runs by the locals, making seven in two games of the series.

Zimmerman made the first homer in the sixth and Schulte tied the score in the eighth when his homer following a pass to Fisher netted two runs. Good batted for Archer in the ninth and tied the count again with a homer.

Herzog's fumble of Vaughn's grounder, sacrifice, infield out and a single by Schulte scored the winning run.

Cincinnati .....100 020 001—4 9 2
Chicago .....000 001 022—5 11 4
Lear and Wingo; Zabel, Vaughn and Archer.

New York, Sept. 29.—Nap Rucker let the Giants down with four hits at the Polo grounds today, Brooklyn winning the opening tilt of a four game series 2 to 1.

Brooklyn .....010 100 000—2 7 1
New York .....001 000 000—1 4 0
Rucker and Miller, McCarty; Herbert, Schupp and Kocher.

CLOSE RACE STARTS FOR THREE LEADERS IN FEDERAL LEAGUE

Chicago, Sept. 29.—With the Federal League pennant race only four more days to run, the position of the three leaders tonight was so close that Pittsburgh had only five points advantage in the percentage column over St. Louis, which was crowded into third place by losing to Kansas City, while Chicago defeated Pittsburgh.

So close are the leaders that tomorrow's game might upset all three positions.

NEW YORK WILL NOT GET TO SEE INTER-CITY SERIES.

New York, Sept. 29.—There will be no inter-city baseball series in Greater New York. This was decided today at a conference of owners of the New York Nationals, New York Americans and Brooklyn Nationals, held during the ball game at the Polo Grounds. The club owners, it was stated, had come to the conclusion that New York has had enough of baseball for one season.

TIGERS BEAT BROWNS BY CRAWFORD'S DOUBLE

White Sox Overwhelm Cleveland, Score 13 to 6.

Senators Overwhelm Athletics in Both Games of Double-Header—Score in First Game 10 to 2 and in Second 20 to 5.

RESULTS YESTERDAY
At Washington 10-20, Philadelphia 2-5.
At Cleevland 6, Chicago 13.
At Detroit 3, St. Louis 2.
No others scheduled.

WHERE THEY PLAY TODAY
Washington at Philadelphia.
No others scheduled.

Washington ....110 505 53*—20 21 4
Sheehan and Perkins; Gallia and Williams.

Detroit, Sept. 29.—Crawford's double to the right field fence in the ninth, scoring Cobb and Veach, gave Detroit a 3 to 2 victory over St. Louis here today. Had the Tigers lost the game the American League pennant would have been clinched by Boston. The teams play here tomorrow to decide another postponed game.

St. Louis .....000 110 000—2 5 5
Detroit .....000 010 002—3 8 2
Hamilton and Agnew; Loudermilk, Oldham, Boland and Stanage.

Cleveland, Sept. 29.—Ineffective pitching by recruits, erratic fielding and base running on the part of Cleveland allowed Chicago to win the last game of the season in Cleveland 13 to 6.

Cleveland .....101 101 200— 6 13 3
Chicago .....204 203 002—13 17 2
Garrett, Carter, Brenton, Collamore, Jones and O'Neill; Cicotte and Mayer.

THEATRICAL

The sale of seats for the coming of John C. Fisher's musical comedy success, "The Red Rose," at the Academy Saturday, matinee and night, opens at Plummer's this morning for both performances.

"The Red Rose" comes here with the original cast and company exactly as presented at the Globe Theatre, New York, for over a year. Prominent in the cast are such well known musical comedy artists as Marguerite De Von, Nellie Wagner, Evelyn Stewart, Polly Merrill, Eda Fay, Maurice Darcy, Donald Archer, George C. Hall, Robert LaLonda, Hubert Boyle, Alden MacClaskie and Fred Harden, together with the original singing and dancing chorus that made "The Red Rose" one of the most talked of Broadway musical comedies produced in this country since "Florodora." The matinee prices will be from 50 cents to $1. The night prices will run from 50 cents to $1.50.

"Potash and Perlmutter."

"Potash and Perlmutter," the most famous comedy produced within the memory of theatre-goers, comes to the Academy of Music Wednesday, October 6th, direct from its second year at the Cohan Theatre, New York City, where it played to nearly a million lovers of clean, bright, good-natured fun before Manager A. H. Woods decided that the rest of the country had a right also to enjoy it. "Potash and Perlmutter" is a dramatization of the characters and incidents made famous through the Saturday Evening Post stories by Montague Glass. It made an instantaneous hit in New York and played to crowded houses up to the very end of the notable run. There is plenty of romance as well as fun in this comedy and Cupid is kept busy throughout the three acts. There are touches of pathos, too, but if the eyes grow dim it is from tears of laughter. The engagement here is necessarily limited to one night and in order to accommodate the expected rush for seats the advance sale will begin on Monday morning at Plummer's. The prices will range from 50 cents to $1.50.

Good Show at Grand Today.

"The Shadow Box" screen proved a great success at the Grand yesterday. Everybody who had the pleasure of seeing the great four-reel "Broadway Favorites" expressed themselves as being satisfied that the picture was a vast improvement over the old screen, so restful to the eye and that is the point the Grand management is trying to make clear to the public that we show the best pictures in town.

Tonight in addition to our wonderful programme of pictures beginning at 7 p. m., Professor Johnson will render a classic musical programme on the famous "Wurlitzer," the instrument with the human voice. It will be a rare treat, so be sure and be present. The following selections will be rendered: Overture "Light Cavalry," (Suppe); two selections, "High Jinks"; 3, "The Rosary," (Nervin); selections from grand opera; Fraumerel, (Shuman); "Miserere Trovatore," (Verdi); Thanhouser march, (Wagner); "Suite Venetia," (Nevin). This feature in itself will sure please the mu-

See suits and dresses at Platt's opening, October 4th, at 108 Market street. (advertisement.)

sic lovers of Wilmington. And at the same time give the public an opportunity to get acquainted with the famous "Wurlitzer," the best that money can buy.

"The Mystery of Henri Villard" is the feature picture on at the Grand today, a two-reeler with lots of action. The cast includes Isabel Rea, Helen Gray, William J. Butler, Rector V. Sarno and Madge Kirby. "The Broken Rail," Kalem railroad story, featuring daring Helen Holmes, the girl that knows no fear. Have you ever seen a railroad wrecking crew at work? This is one of the sides of railroading which is seldom seen by the average person, you will see it today at the Grand in the Hazards of Helen series. "His Birthday Gift" is still another feature added to the programme. It's a comedy drama featuring Augustas Anderson, Mrs. Wright and Charles Perley. Figuring the whole show from a managerial standpoint the management comes to the conclusion that he is giving a wonderful show for the small admission of five cents and the only consideration he wants is a well filled house to appreciate the show.

"On the Stroke of Twelve."

Tonight the Victoria will present a rollicking farce comedy, "On the Stroke of 12." The play is said to be one continuous round of laughter from start to finish.

"On the Stroke of 12" is for young folks and folks who stay young. There is not room enough in its four hilarious acts for a single sigh. The fun starts just as the curtain rises on the first act and is not over until the good night curtain descends.

The theatre beautiful will be sure death to the gloom family while "The Stroke of 12" holds forth.

Starting next Monday and for the first half of the week the play will be "Wildfire," the late starring vehicle of the famous American beauty Miss Lillian Russell.

"Wildfire" was one of the biggest successes ever staged in New York the play is said to have run 500 nights on Broadway and 200 nights in Chicago.

The Victoria will be the first Wilmington theatre to offer "Wildfire" to its patrons, although the play scored an immediate hit in the larger cities of which it was presented it has never been here and this speaks well indeed for the new management of the theatre beautiful.

Manager Nathan is offering to his patrons only the very best in theatricals. Never have Wilmington amusement lovers had such an institution in their midst as the Victoria now is, and the house is gaining in favor every day, and these assertions can be proven by a visit to the handsome playhouse on Market street.

Tonight and Friday nights and Saturday matinee and night the offering will be "On the Stroke of 12."

Another Big Paramount—Royal.

Today is Paramount day at the Royal, and, of course, that means capacity crowds, in view of the fact that today's offering is the greatest Paramount yet offered, rivalling even Monday's big success. Today is presented the international star, Elsie Janis, in her latest great triumph, "Nearly a Lady," supported by an all-star cast of favorites. Beautiful women galore feature this great offering by the Paramount programme.

"Nearly a Lady," replete with the breezy comedy Americans love, provides an ideal film starring vehicle for the brilliant "Little Elsie." It starts with a rush showing Elsie on a Montana ranch. She gives dazzling exhibitions of horsemanship; engineers a mock hold-up of an innocent English lord, and finally does a lariat dance that is without doubt one of the most beautiful and most original dances ever performed. "Nearly a Lady" is certainly destined to take permanent rank among the masterpieces of American humor. And while it is advertised as a comedy, it has one or two spots of powerful drama. One of the best is where Elsie Janis writes the letter to her old Montana sweetheart, which breaks their engagement.

Conspicuous in the support of Miss Janis is the beautiful Myrtle Stedman, who recently won a national popularity contest. This noted Paramount star is even more brilliant in "Nearly a Lady," a photoplay in which all the honors would naturally be supposed to be monopolized. Miss Janis made a personal request that Miss Stedman be included in the cast, the famous little comedienne being generous enough and wise enough always to surround herself with beauty and cleverness.

"Romance of Elaine"—Bijou.

Six solid reels of enjoyment are again to be dished out at the Bijou today, despite the fact that the Romance of Elaine is in the lot. The bill today is headed by that great three-reel feature drama, "In the Sunset Country," a red-blooded three-reel Bison drama written by F. McGrew Willis, and starring those great Universal stars, Sherman Bainbridge, Luella Maxim and James Senson in the leading roles.

The romance of the great Wild West will never die, where the emotions are stripped of the veneer society and primal passions are denuded of the conventions and guns bark when offense is given. "In the Sunset Country" is a genuine old-fashioned Bison, staged in scenes of remarkable beauty. None of the situations are impossible, while they are thrilling to the extreme; the action develops naturally and the result is a "finished" play with the good, old, red blood thrill to it. It's the sort of a drama that "gets" everyone.

"The Romance of Elaine" is now getting near to a close, and every chapter gets more thrilling. The thirteenth chapter, today, entitled "The Wireless Detector" is undoubtedly one of the most thrilling bits of photoplay ever filmed. You don't want to miss it. Elaine Dodge is nearing the time when her fate will be known, and she will soon learn whether or not Craig Kennedy is still alive.

There's an exceptionally great Nestor comedy, "He Fell in the Cabaret," featuring Billie Rhodes and Lee Moran, making up the great six-reel total.

MANY ATTEND VICTORIA AFFAIR

Master Germond Entertains Between 400 and 500 Children on Stage.

The Victoria was full to capacity yesterday with children, who came to accept the invitation to be the guest at a party of Master Germond, on the stage after the matinee. The children were delighted with the play, as well as the entertainment that followed. They all liked Master Germond, who had the opportunity of meeting him, but on account of the large number he was unable to get around and meet them all. To most of the children, it was their first stage party and they stayed so long that preparations for the evening performance had to be started before they left.

Ice cream cones were served by Miss Aiken, Miss Ragan and Miss Karroll, who chaperoned the party. They were much enjoyed by the children and many of their mothers who had also come along. The Victoria was delighted to have so many guests and will probably allow Master Germond to entertain again.

LOOK OUT FOR COLDS---CATARRH

Don't let this Winter bring to you the annoyance of Catarrh and suffering which every man and woman who is afflicted with this disease, has cause to dread.

First of all remember, if you will continue to suffer with Catarrh, it is your own fault. Catarrh is worse in Winter because the most commonplace precautions against germs and contaminations are neglected.

We go to stuffy theatres and inhale over and over again vitiated and germ-laden air. We sit in over-heated rooms, neglect exercise, exclude fresh air because it's cold, and in a hundred ways do everything possible to assist in the ravages of a disease that is already making tremendous progress towards a complete sapping of vitality. It is small wonder that Winter brings additional annoyance to Catarrh sufferers. The nostrils, reasonably free in summer, are easily stopped up by the inflammation of the tender membrane, and the phlegm and secretions which cannot readily flow, aggravate the delicate lining of the throat and poison the system. Hawking and spitting becomes more frequent. In fact, Catarrh is not only a nuisance, danger and annoyance to the afflicted, but a continued menace to everybody. Anyone who comes in contact with Catarrhal germs, expectorated or exhaled in stuffy rooms, poorly ventilated theatres or cars, may contract the disease. They'll think they have taken cold, but it is more likely that this insidious waster of strength and vigor has hastened itself upon them. They will soon know the Catarrhal headache, the disagreeable closing of air passages, they may find it attacking the bones of the nose, the tissues of the ear, resulting in deafness, the loss of smell, for no part of a body is secure from the ravages of Catarrh. Catarrh makes you sick all over. It is a disease of the blood. It circulates through the system, and for this reason sprays, washes, vapours and salves must be failures in curing it. You can relieve Catarrh thoroughly and permanently. S. S. S. will cleanse the blood, relieve unhealthy secretions, reduce the membraneous swelling. It will literally wash the blood free from the poison. S. S. S. goes directly to the source of trouble, enriches, while it cleanses the blood. It is a wonderful tonic invigorator. Write us particulars of your case and let our physicians help you get rid of this stubborn and dangerous malady. Our physicians are trained specialists; their services cost you nothing. We will take pleasure in answering questions. S. S. S. is for sale at drug stores. Refuse imitations. Write the Swift Specific Company, Medical Department, Room 15, Atlanta, Ga.

Detroit Electric
$1975 to $2275
—the real economy car
The 1916 Detroit Electric offers the relief you seek from operation overtax. Current for battery charging is furnished at low rates (averaging $5 to $7 per month) and is growing lower constantly.
Repair, replacement and adjustment charges—costs which swell the monthly bills of many motorists—seldom concern the Detroit Electric owner because the mechanism of the Detroit Electric is so simple and so strongly built that there's really nothing to get out of order. You are never bothered by ignition, carburetor, cylinder and engine ailments. You have no gasoline bills to pay. And the modern Detroit Electric is an ideal car for winter driving as well as summer motoring—without the expense of an additional body the gas car owner must incur. In many other ways the Detroit Electric is the preferable and practical car for your use. When will you take your demonstration drive?

SEABOARD WOULD LIKE TO COMPROMISE ON TAX

But Corporation Commission Prefers to Stand Pat

Railroad Counsel Disappointed That State Refuses to Make Any Concession—Interest in Business Men's Camp.

(Special Star Correspondence.)

Raleigh, N. C., Sept. 29.—It developes that the real mission of Judge Leigh R. Watts, general counsel for the Seaboard Air Line, to Raleigh Monday was to ascertain if it was possible to induce the Corporation Commission to grant some little concession that would enable the railroad to withdraw on a compromise basis the pending injunction proceeding that the company has instituted in the Federal court to restrain the State authorities from enforcing the collection of the taxes from the company on the basis of the new $20,150,000 assessment instead of the old $15,000,000 assessment.

It is said, too, that the judge was seriously disappointed, as the commission took the position that the new assessment was strictly fair and that there was no valid reason for the commission to recede the least bit from this new assessment. Just what the next turn in the case will be does not yet appear, but some definite move is expected this week and a settlement of the case out of court seems most probable.

Dr. Rankin, secretary of the State Board of Health, received today a letter from the Northampton county authorities to the effect that that county will take up at once the matter of a school inspecion under the unit system of co-operation between the county and the State Board of Health, a work in which the State Department can cooperate with only four or five counties within the year. Alamance county has already perfected her arrangement and any other counties that expect to undertake this work with the board had best act quickly.

Business Men's Military Camp.

Interest is quickening very much in several sections of the State in the matter of a business men's military camp, under the regulations of the War Department recently launched, for North Carolina, and already there is keen rivalry between the Asheville section of the State and Morehead City with Camp Glenn as the headquarters for such a camp. It is understood that the State military authorities would favor Camp Glenn for the camp in preference to Asheville, since the camp already has complete equipment and is more accessible for the greater portion of the State from which the business men are to be attracted in this new departure in interesting business men in national defense.

In connection with the State Fair there is to be the annual meeting of the United Confederate Veterans, North Carolina division, on the evening of October 20 in the Representatives Hall of the State House. A number of matters of importance to the veterans are to be considered and every effort will be made to get as many of the veterans from out in the State here as possible. It is purely a business meeting and only a few representatives from each of the camps would ordinarily attend. However, the biggest possible attendance is hoped for.

After serving St. Thomas' church, Sanford, for the past three months, Rev. Floyd Cartwright is to go to Scotland Neck to serve Trinity church there. He makes the change October 1st, and will undertake the re-organization of Trinity church, which has been without a minister in charge for quite a while. No successor for Mr. Cartwright at Sanford is yet announced.

Aerial Fire Truck.

The city commissioners have under consideration the purchase of a 75-foot aerial truck as a reinforcement for the fire fighting equipment of the city, Mayor Johnson and Commissioner of Public Safety O. G. King having just returned from Richmond where they witnessed a most successful demonstration of such a machine. The cost to the city will be $10,000, or possibly something more than that amount, but the city officials who witnessed the demonstration insist that it would be worth that and more to the city.

BOOSTER CHAUTAUQUA COMING TO WHITEVILLE IN OCTOBER.

Ten Citizens Form Booster Club to Bring Three-Day Attraction.

(Special Star Correspondence.)

Whiteville, N. C., Sept. 29.—Ten citizens of this town have organized as a Booster Club, and have contracted for the Radcliff Booster Three-Day Chautauqua. The attraction will visit Whiteville on the 7th, 8th and 9th of October. In addition to the Chautauqua attractions, the boosters hope to secure one or two prominent speakers to address the audience on the morning of the first day.

At a meeting held last evening, the following officers were elected: Editor Geo. F. Mountford, secretary; E. F. Powell, treasurer. The committee for promoting the sale of tickets was equally divided to represent the two competitive colors, red and blue. The "Reds" are represented by J. A. Maultsby, Jr., captain; Prof. C. R. Spencer, H. L. Nicholls and A. E. Powell. The interests of the "Blues" will be upheld by the following: Dr. L. J. Meredith, captain; Dr. Harper, M. T. Moyers and M. H. Schulken.

HEADACHES

Thousands of men and women suffer from headaches every day, other thousands have headaches every week or every month, and still others have headaches occasionally, but not at regular intervals. The best doctor is often unable to find the cause of many of these headaches, and in most other cases, knowing the cause, he does not know what will remove it, so as to give a permanent cure. All he can do is to prescribe the usual pain relievers, which give temporary relief, but the headache returns as usual, and treatment is again necessary. If you suffer from headaches, no matter what their nature, take Anti-kamnia Tablets, and the results will be satisfactory in the highest degree. You can obtain them at all druggists in any quantity, 10c worth, 250 worth or more. Ask for A-K Tablets.

SICK-HEADACHES

Sick-headache, the most miserable of all sicknesses, loses its terrors when A-K Tablets are taken. When you feel an attack coming on, take two tablets, and in many cases the attack will be warded off. During an attack take one A-K Tablet every two hours. The rest and comfort which follow, can be obtained in no other way.

Genuine A-K Tablets bear the K monogram. At all druggists.

JUDGE BOND REVERSED IN RILEY VS. W. H. STONE

Plaintiff Young Woman Gets a New Trial.

Lower Court Reversed in Durham Half Million Dollar Bond Issue Case and Bonds Validated—Supreme Court Decisions.

(Special Star Telegram.)

Raleigh, N. C., Sept. 28.—The Supreme Court reverses the lower court, thereby making a new trial necessary, in the noted case of Miss Loula Riley vs. W. H. Stone, Jr., from Chatham county, being the case in which Miss Riley, saleswoman in the department store of the defendant in Greensboro, seeks damages for false arrest and charges made against her of stealing articles from the store.

In the trial below a jury verdict for $1,500 for the plaintiff was set aside and also a motion of non-suit allowed against the plaintiff.

There is also reversal for the lower court in the noted bond case from Durham, John Sprunt Hill vs. Mayor Skinner and other city officers, involving the validity of the $500,000 city bond issue for the purchase and improvement of the city waterworks. The Supreme Court's reversal of the lower court validates the bonds.

The opinions delivered this afternoon follow:

Butler vs. Butler, Gates, affirmed; Western vs. Roper Lumber Co., Camden, affirmed; Brinson & Kramer vs. Norfolk Southern Railroad, Beaufort, reversed; Oil Co., vs. Grocery Co., Wilson, reversed; Newsome vs. Bank, Hertford, error; Medlin vs. Aulander Realty Co., Bertie, affirmed; Mitchell vs. Lumber Co., Hertford, affirmed; Bank vs. Johnson, Vance, reversed; Green vs. Atlantic Coast Line Railroad, Hertford, no error; Barnes vs. Fort, Wayne, affirmed; Bland vs. Harvester Co., Chatham, affirmed; Riley vs. Stone, Chatham, reversed; Hill vs. Skinner, et al., Durham, reversed; Eason vs. Howe, Wilson, affirmed; Langley vs. Vivirette, Nash, affirmed; Langley vs. Langley, Nash, affirmed.

KINSTON HAS PAVING FEVER.

Eleven More Blocks Added to New Street Paving Programme.

(Special Star Correspondence.)

Kinston, N. C., Sept. 28.—Probably all paving records for towns this size were broken today, when City Clerk W. B. Coleman announced that he had petitions in his office to be presented to the council asking for the sheet asphalting of 11 more blocks in North and South Kinston under the "additional" program. Another petition being circulated on four blocks of Lenoir street is meeting with success, he said. Under the "additional" program, property owners pay about 55 per cent and the city 45 per cent of the cost of paving, all paving at intersections being paid for out of the municipal funds. Nine blocks are now completed, and the contract for 35 1-2 more will be let on October 4th. The new petitions will bring the total up to 59 1-2 blocks, or more than five miles, all of sheet asphalt on concrete base. Until this year Kinston had only a little more than four blocks of roadway paving. The announced intention of the administration is to treat with material something on the order of macadam every block of roadway within the corporate limits for which paving has not been authorized before the end of the year. Non-resident engineers employd on the improvmnts hr cannot reall a town of less than 15,000 people with similar property valuation anywhere that has ordered practically 60 blocks of roadway paved in one year. The action of property owners in voluntarily financing the work on such a large scale is unprecedented.

LARGE CROWDS ATTEND UNION REVIVAL MEETINGS AT HAMLET

Rev. J. W. Ham Attracts Many From Near-by Towns to Services

Hamlet, N. C., Sept. 28.—Evangelist J. W. Ham has been holding a union meeting under the auspices of the Methodist, Baptist and Presbyterian churches at Hamlet for the last week in a large tent which he uses in connection with his work. The tent will seat 1,200 people and is being crowded each night, with a large attendance in the afternoon at the service . At each night service a number of people from nearby towns, including Rockingham, Aberdeen, Gibson, and as far as Bennettsville, S. C., attend the services. The music is lead by Prof. J. W. Lyon, who has three choirs, having a junior and an intermediate choir in addition to the senior choir. The meeting is increasing in interest.

COTTON OPENING RETARDED.

But Conditions Over State Favorable for Picking—Weekly Summary.

Raleigh, N. C., Sept. 29.—The local weather bureau issues the following summary of weather and crop conditions over the State for the week ending today:

"Cooler weather has checked the rapid forcing of cotton but otherwise there has been no material change during the past week; conditions continued favorable for picking and it is estimated that nearly half of the crop has been gathered. The cutting of tobacco is about completed. The outlook for sweet potatoes is good and peanuts fair to good. The weather was very favorable for harvesting forage crops. Rain is needed for truck and fall plowing."

DR. J. B. KENNEDY DEAD

Prominent Physician of Wayne County Passes Away.

(Special Star Correspondence.)

Goldsboro, N. C., Sept. 29.—Dr. J. B. Kennedy, a prominent physician of Wayne county, died at his country home near this city yesterday morning, aged 70 years Dr. Kennedy served throughout the Civil war in the Confederate army and was a son of the late Col. J. T. Kennedy, for a number of years sheriff of Wayne county. The funeral was held today in Falling Creek Township.

Detroit, Mich., Sept. 28.—The Kellogg Toasted Corn Flakes Company of Battle Creek is permanently enjoined from fixing the re-sale price on its product, by a consent decree announced today in the United States district court here in the government's anti-trust suit against the concern. The decree takes effect after October 15 of this year, and is considered highly important because it establishes a precedent against the fixing of re-sale prices of rood products.

PENDER WILL VOTE ON STOCK LAW NOVEMBER 2

Judge Daniels Authorizes Naming of Election Officers

Dissolves Restraining Order by Judge Rountree Against Commissioners. Warm Fight is Now On—Free Rangers Predict Victory.

(Special Star Correspondence.)

Burgaw, N. C., Sept. 29.—It is at last settled that an election on the stock law question is to be held in Pender county on the first Tuesday in November, as provided by the last Legislature. Judge Frank A. Daniels, presiding at a civil term of court here this week, has dissolved the temporary restraining order issued by Judge George Rountree enjoining the county commissioners not to appoint pollholders and registrars for the election until a hearing was had. At the hearing yesterday Judge Daniels authorized the commissioners to appoint the election officers, which they proceeded forthwith to do. The free rangers are predicting an overwhelming majority against stock law.

Monday being the return day of the restraining order issued by Judge Rountree last week against the commissioners, a very large crowd was present, but were disappointed, as the case was continued until Tuesday. The judge advised the board of elections Monday to get together and appoint the registrars and pollholders. This was not done, however, as Mr. W. A. Cannon, a member of the board, was absent.

STRENUOUS STRUGGLE IS ON.

Warm Fight Between the Stock Law Advocates and Free Rangers.

(Special Star Correspondence.)

Raleigh, N. C., Sept. 29.—J. H. Burnett, of Pender county, who was reading clerk in the Senate of the last two Legislatures, spent last night here on his way from Burgaw, where he is practicing law, to Troy. He says that Pender county is in the midst of an especially strenuous struggle between stock law and anti-stock law forces with indications that the anti-stock law contingent will win out.

The 1913 Legislature put stock law on the county by legislative enactment and the 1915 session passed an act permitting an election as to whether the stock law shall continue in force, the election to be held on the first Tuesday in November. For several weeks now there has been a fight over the preliminaries for the calling of the election, the stock law advocates blocking in every way possible the holding of the election.

There has been the issue of whether, under the law, the county board of elections or the county commissioners should appoint the registrars and the pollholders. The county board of elections is composed of stock law advocates who would refuse to provide the machinery for the election that it is generally admitted would go against the stock law. With the refusal of the board of elections to provide the election machinery, there was a move by the advocates of the election to have the county commissioners to order the election and name these registrars and pollholders. On application of stock law advocates there was a temporary restraining order granted by Judge Rountree and this was heard yesterday by Judge Daniels, with the result that he took the view that there should be an adjustment made by which the board of elections and the county commissioners should co-operate in the calling of the election, although counsel for the anti-stock law forces insisted that the county commissioners could act independent of the board of elections.

Mr. Burnett said that as he left Burgaw, where Judge Daniels is holding a two weeks' term of Superior court, there was every indication that the judge would require a legal and definite calling of the election and the appointment of the necessary registrars and pollholders. He says there is certain to be a repeal of the stock law if the issue gets to the people as the Legislature intended that it should. The argument down there is that conditions are not ripe for stock law in that section yet, there not being enough of the lands under cultivation to make stock law advantageous for the majority of the people.

RAILROADS FIGHTING DISEASE.

Three of Largest in State Co-operate With State Board of Health.

Raleigh, N. C., Sept. 29.—Officials of the Norfolk Southern Railroad Company were here recently making arrangements with the State Board of Health to have the latter send to all their agents the placards which the board has recently prepared on the subject of Disease Prevention. A list of Norfolk Southern's agents was furnished the board and the health pracards requested to be sent them. Accompanying the placards were personal letters from the company requesting all the agents to see personally that the placards were posted in waiting rooms and public places.

But the Norfolk Southern is not the only railway company in the State to adopt this means of teaching health to their passengers and employes. Early in July the Seaboard Air Line and the Southern Railway adopted the same means.

Whiteville, N. C., Sept. 29.—Three of the best known traveling salesmen on the road in this section were in town Tuesday calling on the trade, talking business and cotton. Messrs. W. W. Holman, V. W. Butler and A. L. Geist spent the day here. Whiteville was glad to have a call from these popular and clever "knights of the grip."

WHOLESALE HARDWARE

"Get Up" and Get

Don't you back up or stop until you've tried U. S. MARINE. It's the *one* perfect tobacco for the big, two-fisted, out-of-doors man who wants a rich, mellow tobacco for both chewing and smoking.

You get hold of U. S. MARINE. Note the honest sweetness of this pure Kentucky leaf, aged for three to five years to bring out all its mellow fragrance and flavor. U. S. MARINE has the genuine snap and taste that you *want* in tobacco.

U. S. MARINE

Cut Plug Tobacco

is *purposely* made up for the sturdy man who is hungry for a real man's tobacco. For many years all sorts of brands have tried to beat out U. S. MARINE but the old he-boy is still the king-brand of them all.

Nothing fancy about the U. S. MARINE package—we put all the cost into the tobacco. As you say of a horse, "he's all horse"—so we say of U. S. MARINE—"it's all tobacco."

U. S. MARINE is the *longest lasting* 5c worth of *good* tobacco ever sold. Slow burning in the pipe. The flavor is *enduring* when you chew.

Hitch up with U. S. MARINE for a week's trial, and you and U. S. MARINE will always pull together like a well-matched team.

Sold everywhere in 5c packages.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily and mailed to subscribers outside the county at $6 per year, $3 for six months; $1.50 for three months; or served by carrier in the city and suburbs at 60c. per month, or, when paid in advance, $7.00 per year, $3.50 for six months, $1.75 for three months.

THE SUNDAY STAR by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate and like matter will be charged at the rate of 10 cents per line, to persons carrying a regular account, or, if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, political meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to the readers of the paper, in the discretion of the editors.

TELEPHONES: Business Office, No. 51. Editorial and Local rooms, No 61.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and, if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

ALL DRAFTS, checks, express money orders and postal money orders for the paper should be made payable and all communications should be addressed to

THE WILMINGTON STAR CO.

THURSDAY, SEPT. 30, 1915.

TOP O' THE MORNING

No man can serve two masters; for either he will hate the one and love the other; or else he will hold to the one and despise the other. Ye cannot serve God and Mammon.

—SERMON ON THE MOUNT.

We ought to have a "Meet Me in Wilmington" day.

The cotton bear's natural gait these days also is on the lope.

What has become of the girl who used to pose as the "pink of perfection"?

Fall millinery hasn't fallen, but the conversation is to the effect that it is a necessity.

An ordinary hypocrit is one of thousands of us who manage to keep from being suspected.

A man often brings in a verdict against himself, but he suspends judgment on payment of the costs.

No more room for more bones in the heads of us who didn't lay in a stock of cotton at 8 cents last year.

"Will my Darling kiss me?" is the way a fellow starts a poem. Owing to the balance of the poem, if she misses him at the first shot, she ought to stay right on the firing line till she empties her gun.

The Anglo-French commissioners will take in St. Louis, whereupon Milwaukee will hang out the "come on" sign for a city that's been made a famous among thousands who admit it without ever having been there.

A Baltimore woman kicked another and was sued by the other for damages in the amount of $5,000 good lucre. The jury awarded her a penny, which shows that some women in Baltimore could be kicked one hundred times for a dollar.

The man with the idea that prosperity depends on politics ought to watch how the increase of knowledge and efficiency enlarges the opportunities of men and women and enables them to create and enjoy prosperity in proportion to their enterprise and industry.

The Mexicans seem to have taken it for granted that the Republicans knew what they were talking about when they accused President Wilson of letting this country get into a woeful state of unpreparedness for war. Fool talk often has a bad effect on other fools.

"The best way to treat a husband depends on the tact of his wife," thinks Dorothy Dix. The man who depends on that knows that he is in a poor way to get treated. He will go right on depending on going downtown where he can say, "Hello, Bill," to some male of the species.

A Spaniard referred to us as a "nation of nobodies." A German calls us "those idiotic Yankees," and an Englishman dubs us a "mass of struggling mediocrity." In the meantime, however, we have immigration laws by which we hope to protect ourselves from the "scum of Europe."

No one should object to Colonel Bryan's going to Europe in behalf of peace. Europe needs it, and besides that he can't have any peace here if he remains here to get into more trouble because he favors peace. Europe might be glad to see him on account of the fact that peace wold be more popular over there than it is here.

Some of us may think we do our own thinking, but we let Edison and Marconi do all our electrical thinking for us. Those who do all their own thinking might as well acknowledge that there are numerous things that they have never though of already once. Some of us think all we can, but others are apt to can it if they think differently. Then again some people can all they think, if they ever think at all.

TAKING THE TARIFF OUT OF POLITICS.

A tariff commission has been proposed by strenuous adovcates who believe in protection. However, if a tariff-for-revenue commission should be established, they would be just as strenuously opposed to that kind of a tariff commission. They declare that they want the tariff taken out of politics but they would not let it stay out if there weren't a protecive tariff commission that would give them satisfaction. Any kind of a tariff commission would have troubles a plenty, so that taking the tariff out of politics is a theory that would never meet the conditions—the condition of the Treasury and the conditions demanded by protectionists or anti-protectionists. In a free country nothing can be kept out of politics unless some way be discovered to keep politics out of the people.

Issues originate among the free people and they are liable to start something at any time and drag it right on into politics. All that the sovereigns have to do is to take the initiative pro or con and then whatever the question is it is in politics, just as prohibition got into politics after having been recognized for a long time as a moral and social question.

Show us those who make politics and we can tell whether they will let you think you can take a question out of politics or keep any question out of politics. "New Nationalism" and "Social Justice" were among the new things that got into politics a while some three or four years ago. When the people want to start something or down something, automatically and inevitably it becomes a political question, whether we want it to do so or not.

The proposition for a tariff commission will itself become an issue in the presidential campaign next year. When it gets in politics, how are you to keep it out or get it out, when it is for the people to say. Adminstrations, Congress, commissions or other functionary bodies dealing with national affairs are subject to the will of the people solely, and proposing to take any of them out of politics would be as feasible as taking the tariff question out of politics. Ours is a representative government and not a bureaucracy.

The American Tariff Commission League, headquarters Chicago, advocates a non-partisan tariff commission, and President Wilson has said that he would not be adverse to a tariff commission if it could meet the requirements of the country. However, if President Wilson could get the kind of tariff commission he would like to have, it would not be the kind of tariff commission that the league would like to have. Everything would depend on the personnel of the tariff commission and that would be changed every four years, according to whether the country goes Republican or Democratic.

Under the very nature of our government, we could not have a tariff commission of any sort, either protectionist or anti-protectionist, for the reason that a non-elective, non-representative body could not pass a taxing law that would be binding on the people. It would be taxation without representation, so what is the use to advocate a tariff commission or to approve the establishment of such a commission? It could be only advisory at best.

It would be advocating or antagonizing the impossible, so long as all government and governing bodies and government organizations rest on the consent of the governed and must be responsible to the people—the majority of the people as they line up with the Democratic or the Republican party.

PROSPERITY CELEBRATIONS

What is the name of the prosperity that has landed in this country and is benignly making free with the South? Why, it is Democratic prosperity, because it has come in Democratic times. It was delayed by the war, but it gave the war the dodge and is going the rounds of the whole country. The calamity howler has come down off his perch, the grouch is a glad-hander and the pessimist is an optimist.

Why, they are celebrating the return of prosperity in live cities—doing it in various ways to let people know that their cities have gotten over their suspended animation. All over the country they are having "Meet Me at —— Week," "Come to See Us Week," "Get Acquainted Week," "Fall Buying Week, "Dress Up Week," etc.

Jacksonville, according to a spiel in the Florida Times-Union, is going to have a "Dress Up Week," beginning October 4, with a grand auto parade on the night of October 7. Between 1,500 and 2,000 automobiles have entered for the parade, to be "one of the most spectacular features of the events planned for a gala week." All cars will be gorgeously decorated with a view to pulling down money prizes offered by the management. The prizes will be $35 and $15 for first and second displays in the parade.

There will be a "Military Night," a "Tacky Night," a baby parade, and various attractive features will be the rule every day and night during the festive week. The final night, Monday, October 11, will be "Dress Up Night," when everybory who has participated or who comes to see the sights will come out in their glad rags to show how prosperous they can feel and look. The seven-day programme is being arranged, and people from all over the country are invited to see Jacksonville celebrate prosperity.

"Dress Up Week," says The Times-Union, "means dress up your mind in confidence of American prosperity, your person in fit clothes, your home in comfort, your city and your family. In fact, it is to go down in history as the event by which Jacksonville shows the world that she has interred old man O. U. Knocker and I. C. Hardtimes, and joined hands with I. AM Prosperity and Mr. Good Times."

Wilmington is not going to get left, for she is arranging for a big Corn Show, with a "Made in Wilmington" parade and other attractive features Keep your eye on the Corn Show and come here for a good time then.

WHY COTTON ADVANCED.

Under date of September 27th, Renskorf, Lyon & Co., of New York, sends out a circular on the cotton market situation, entitled "Why Cotton Advanced." Accompanying the letter is this brief summary of its contents, which is bound to prove interesting to all those who take any interest in the cotton market situation:

"The cotton market has advanced 2 cents because—

"1st. The shelves are so bare of goods that were the visible and invisible supply of cotton manufactured into goods it would only bring the shelves back to normal again.

"2nd. Such being the case, the crop now maturing must furnish the year's needs. It will not.

"3rd. The infirmities of a late, poorly fertilized crop are finally being understood. The crop is under 12 1-2 million.

"4th. The habit of handling cotton without hedging (a habit born of war) has left future contract markets without the usual supply of contracts (to the extent of several million bales).

"5th. The habit of marketing the crop slowly (a habit also born of war) has left the market without spot pressure.

"6th. The advent of 'new' speculators in spot cotton in every Southern market—prompted by last year's profits in similar transactions.

"7th. War adds materially to consumption, not only for war purposes but also in its normal uses, by increasing the number compelled to use cotton for economy's sake.

"8th. The inevitable accumulation and withdrawal from the market by the Teutonic nations of an immense stock of cotton for quick rehabilitation of their trade when peace is declared.

"9th. You cannot make a 12 1-2 collar fit a No. 17 neck."

THE DISSOLVING VIEW.

Cursorily, paragraphically and en passant, the Raleigh Times reminds us of the fact that in expression or term there is similarity but a distinct difference, by obverse analysis of mere words. Wherefore, quoth the most estimable Raleigh contemporary:

"Northern papers continue to write about the 'South drying up' as though this section were not blessed with abundant rainfall. Still, there has been a good deal of specialization hereabouts in a very profitable sort of dry-farming."

Verily, and also indeed, the Northern newspapers call it the "Dry South." Admittedly and confessedly it's "dry" in one particular, yea, but at the same time "the gentle rains doth distill" from the fluffy clouds and the rich harvests come in regular succession during nine months in the year. The other three months ought to be devoted to making meat and butter and the laying up of a supply of livestock fertilizer for each successive planting season.

We have ideal precipitation in the South for versatile crop production at all seasons, but the "Dry South" is no place for folks who want to cultivate a thirst. The South is "dry," yet it isn't dry—one a distinction and the other a difference, void of the semblance of similarity.

THE TEMPER OF THE TIMES

A man who favors peace is suspected of sympathizing with one side or the other that is liable to get licked. Therefore, a peace advocate is a prophet without honor, subject to castigation of some sort or other, or several sorts. Peace apostles are despised because peace is not wanted till it comes the way of the victorious. When partisans despair of the possibility of victory for their side, a peace advocate will be a hero instead of a polit ical pariah. So long as the chances are good to keep from getting licked, peace will be spurned and peace apostles will have to suffer illogical condemnation from all sides. A man having peace ideals has no more showing at this time than an individual who butts in on a family riot.

Men who wish to retain their popularity will have to wait till the zodiac shows signs of peace and that time is up for fighting against the terrible inevitable. Right now few people love the ground that a peace apostle walks on and there are none to rescue him from contumely and a negligible reputation.

This is in accordance with "the temper of the times." The dander of the times is up. Everybody's withers are unwrung and will remain so in the hope that some galled jade or other will have to wince.

CURRENT COMMENT.

The Revolution mills at Greensboro has begun the progressive installation of additional machinery that will eventually double the capacity and represent an investment of over $1,000,000, says the Charlotte Observer. This is but an item in mill construction and equipping in North Carolina that is fast bringing the State to the head of the list in the entire country.—Greensboro Record.

The Wilmington Star has an editorial on "The Republican Nominee for President." We didn't read it, but the gentleman in question certainly has our tenderest sympathies.—Columbia State.

No man can tell what the people will do, but we are guessing that the people of this county will be a little slow in voting bonds for an interurban trolley line connecting this and other towns.—Durham Herald.

According to the Augusta Herald, "Augusta's greatest asset is the Savannah river. It's worth millions to commercial and manufacturing Augusta." And it cannot be used too much to suit Savannah. The more freight it carries the better Savannah will be pleased. Some day it will be the carrier it ought to be. That will come gradually, hand-in-hand with the increase of population on its banks and the control of its waters in the up country in the freshet season. But there is no reason to expect it will develop itself without assistance. The more it is used the more use will be found for it.—Savannah News.

The members of the North Carolina Naval Militia are good and "sore" over the criticism made against them by Captain Christy, of the U. S. S. Kearsarge, on whose ship the sailor-soldiers a few weeks ago took a cruise. Commander Christy had some mighty hard things to say about the Tar Heel boys and, considering the fact that they went on this cruise for the purpose of learning something of marine warfare tactics and not as trained men, it does seem unfair. The naval militiamen of North Carolina have not had the advantages of any great amount of training and, as might be supposed, they cannot acquit themselves very well on board ship. Last year the same adverse criticism was made and the militiamen are so disgusted that they are threatening to throw up the sponge and quit. This we hope they will not do. North Carolinians appreciate them and even if they do fail in making an impression on the commanders of some of the big warships, that does not lower them one whit in the estimation of their fellow statesmen.—Newbern Sun.

ROANOKE BAPTIST WOMEN MEET

Annual Gathering of Missionary Societies at Stantonsburg.

(Special Star Correspondence.)

Stantonsburg, N. C., Sept. 29.—This little town is the gathering place today of representatives from Baptist womens' missionary societies of the Roanoke Association, covering a large part of Eastern Carolina, and every home in Stantonsburg has been placed at the disposal of the local Baptist society. The entertainment committee, with Mrs. Ora L. Barnes as chairman, is caring for the visitors and many expressions of the splendid hospitality are heard.

It is the eighth annual session of the Woman's Missionary Union of the Association and Mrs. W. E. Daniel, of Weldon, is in the president's chair. Mrs. R. C. Josey, of Scotland Neck, is vice president and Miss Kate Boyette, of Scotland Neck, recording secretary.

The annual report of the president attracted attention this morning and particularly when Mrs. Daniel told of the organization of four new societies during the year and a total contribution of slightly over $1,600 for missionary objects. The Wilson Missionary Society, Mrs. T. W. Chambliss, president, took first place in total contributions and per capita, passing Scotland Neck society with a good margin. The Wilson women contributed $540.10, a per capita of $15 for the year.

OUTLOOK BRIGHT FOR SUCCESS OF STATE PUBLICITY BUREAU

Secretaries J. C. Forester and Bion Butler Are Optimistic.

(Special Star Correspondence.)

Greensboro, N. C., Sept. 29.—Mr. J. C. Forester, secretary of the North Carolina State Publicity Bureau, is almost daily in receipt of communications from Mr. Bion H. Butler, field secretary of the organization. He says these letters are optimistic and both Mr. Butler and Mr. Forester feel that the bureau will prove the greatest success of any movement for the development of North Carolina's industrial resources ever undertaken.

Mr. Butler's work in soliciting subscriptions for the maintenance of the bureau and interesting business men of the State in the meeting that is to be held in Raleigh during the State Fair. He finds a flattering response to requests for subscriptions, and many people who will attend the meeting. Mr. Butler's work recently has been in Rocky Mount and other towns in that section of the State. There people already understand and are interested in the movement.

ROOMS AT A PREMIUM AT THE UNIVERSITY THIS YEAR

More Than 100 Students in Excess of Past Records Bring Problem.

(Special Star Correspondence.)

Chapel Hill, N. C., Sept. 29.—Although there is a fine of $5 for late arrival in college, registration has not yet ceased. Dr. T. J. Wilson, registrar, reports the total number of students so far registered 1,112. This is over a hundred more than were registered at this time last year.

As the dormitories of the college are incapable of accommodating this large number, the task of rooming students has been arduous. Several hundred students have sought refuge in the homes of the faculty and townspeople. Boarding places have been comparatively easy to find. Swain Hall, the official dining hall of the University, has a feeding capacity of 600. There are numerous boarding houses with varying prices of board which are in a flourishing condition.

Having this day qualified as Administratrix, de bonus non cum testamento annexo, of the estate of Morris M. Caldwell, deceased, lat of New Hanover County, North Carolina, this is to notify all persons having claims against the said estate to present the same, duly verified, to the undersigned, on or before the 19th day of August, 1916, or this notice will be pleaded in bar of their recovery. All persons indebted to the said estate will please make immediate settlement.

FLORENCE H. CALDWELL,
Administratrix, de bonus non cum testamento annexo, Estate of Morris M. Caldwell, deceased.
Aug. 18th, 1915.

CURES PIMPLES EASILY

Simple Remedy That Clears Skin Quickly of All Eruptions.

For several weeks past J. Hicks Bunting Drug Co. have done a big business in selling Hokara, the skin healer, that has won so many friends in Wilmington.

It has been found to heal not only all minor skin troubles, such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, piles, etc., but also the worst sores, ulcers, or even chronic eczema and salt rheum. There is yet to be found any form of wound or disease affecting the skin or mucous membrane that Hokara does not help, and its action is so quick that those who try it are simply delighted with it right from the start.

In spite of its unusual curative powers, the price is trifling. To convince every one of its merits, the J. Hicks Bunting Drug Co. will sell a liberal sized jar for 25c. And remember that if you do not think it does what it claims, you can get your money back. You certainly can afford to try it on this plan.

SICK SKINS MADE WELL BY RESINOL

No matter how long you have been tortured and disfigured by itching, burning, raw or scaly skin humors, just put a little of that soothing, antiseptic Resinol Ointment on the sores. The suffering usually stops right there!

Healing begins that very minute, and in almost every case your skin gets well so quickly you feel ashamed of the money you threw away on tedious, useless treatments.

Resinol Ointment is not an experiment. It is a doctor's prescription which proved so wonderfully successful for skin troubles that it has been used by other doctors all over the country for twenty years. No other treatment for the skin now before the public can show such a record of professional approval. Every druggist sells Resinol Ointment (50c. and $1.00), and Resinol Soap (25c.). They do wonders for pimples, blackheads, dandruff and chafings, and are a comfort to skin-tortured babies.

Here's some straight talk

WHEN you call on us for new clothes, you'll see that our idea is to show what you want, not what we want to sell.

First and last, our idea is to satisfy you.

For instance, we carry Hart Schaffner & Marx clothes because they're guaranteed to satisfy you, besides many other good reasons.

So always remember that the only purchase that you eed to keep is the one that satisfies you entirely.

You'll find some very striking fabrics in fall suits and overcoats here now.

GEO. O. GAYLORD'S

FALL MILLINERY OPENING

TUESDAY AND WEDNESDAY, SEPT. 28 AND 29th

Miss Alma Brown, the Head Milliner, spent some time in the Northern Market, seeing what was new, and buying the new things for this department. As usual, we have a large assortment, to show at our usual reasonable prices.

Everybody is invited, and remember that when we sell you the Hat and Trimmings, we Trim the Hat Free of Cost to You.

THE COAT SUIT DEPARTMENT has received lots of new and up-to-date Suits and Ladies' and Misses' Coats. You can make your selection in our Coat Suit Department in the new and up-to-date styles, anywhere from $10.00 to $25.00 a Suit. We have Coats for Children and Infants, from $1.00 to $6.50 apiece. All styles of Ladies' Coats, from $3.50 to $15.00 each.

We have received this week four lots of New Corsets. We have a big shipment of the Empire Corset, the best 50c Corset we have ever sold. We have a nice assortment of the Crown Corsets. They are both beautiful and comfortable, from $1.00 to $1.50 each.

We have the R. & G. Corset, Lace Front, from $1.50 to $2.00 each. The La Grecque Corsets, from $1.50 to $5.00 each. Our CORSET DEPARTMENT is a very strong department with us, and we try to sell the very best goods for the money. We alter all Coat Suits and Skirts, and the La Grecque Corsets to fit, without charge to the customer.

REMEMBER THE MILLINERY OPENING, and take a look at the SILK DEPARTMENT, on the first floor. We are showing a beautiful line of Silks in that department, in new stripes and plaids, as well as solid colors.

OUR DRESS GOODS DEPARTMENT is well stocked, and it is a pleasure to us to show the goods, and we feel sure that we can save you money, if you give us a chance at your business.

OUR MILLINERY DEPARTMENT is on the second floor of our store, and our elevator is in good condition and ready to serve you, one and all. The Hats are pretty and the trimmings quite different from any season before. We have lots of new and pretty Gold and Silver Trimmings, as well as fancy Pompons and Buckles.

We have the Jaunty Ready-to-Wear Hats, from 69c. to $3.50 each. Black Velvet Hats, from $1.25 to $5.98 each. We feel sure our Hats will please everyone.

Remember the place.

Following out the "Rotary" idea, Mr. Moore and his committee insist that the money that stays in Wilmington is the only money that really helps build the city. That being the case, patronize the

CAPE FEAR OIL CO.

The Only Oil Company in the City Whose Money Remains in Wilmington.

COUNCIL AGREES UPON OTHER RETRENCHMENTS

City Fathers Do Not Favor Reduction of Salaries

Economies in Street and in Water and Sewerage Departments Effected. Cutting of Budget Still Short of the Goal Desired.

Further consideration was given by City Council last night towards making a reduction in the budget for the present year, at a conference with the heads of the different departments of the city, and it was pointed out that there has been a considerable reduction made in the expenses of the street department, while the water and sewerage department is also making some progress to this end. Councilman McCaig pointed out that the reductions already made are still far short of the goal that must be reached and suggested as a measure of last resort that the salaries of all city employees of $100 and over be cut down 10 per cent., while salaries under $100 be reduced 5 per cent. This suggestion, however, did not meet with favor from the other members.

All members of Council were present, together with the heads of the different departments of the city government. The need of cutting down expenses in view of the reduction in the tax rate and the decreased income of the municipality was pointed out, and the department heads expressed their willingness to co-operate with the city "Fathers" in every way possible to bring this about. The conference lasted only an hour, but the entire budget was gone over.

It was pointed out that the street department would be able to make a considerable saving by cutting down the force. The position of foreman, made vacant by the resignation of Mr. J. C. McAllister, who goes to Fayetteville to become superintendent of streets, will not be filled by another man at the present time. The street force has already been reduced to the extent of seven men, and it was stated that five other men would be taken off, reducing the force an even dozen men.

The supervision of sprinkling the streets will be placed under Mr. J. E. Holton, in charge of the scavenging work. These and other savings will amount to a considerable sum, it is stated.

It was also stated that two men have been taken off the force of the Water and Sewerage department. Further consideration of this part of the budget was deferred, until the special committee, which is making an investigation with a view to putting the department on a self-sustaining basis, can make its report.

The conference last night was called at the instance of Councilman McCaig, chairman of the finance committee, who called attention at the regular weekly meeting of Council yesterday morning to the fact that but little progress has as yet been made towards reducing the expenses of the city. He stated that it was imperative that the city cut down its expenses.

As the matter now stands, it seems to be neseccary that the city place its water and sewerage department on a self-sustaining basis. There was a deficit in this department last year of over $15,000, but it is believed that a large part of this can be wiped out this year. The committee is working on the proposition, and will make its report shortly.

All the members of Council were present last night at the conference, and the entire budget was gone over and with the exception of the cuts already made in the street department, there seemed to be little room for making further reductions.

Councilman McCaig expressed regret that the urgent necessity of the situation seemed to demand that a reduction of salaries must be made, and stated that he would not suggest it, if he saw any other way to effect the reductions that necessity demands. He suggested this only as a means of last resort, and one that should be adopted only in the event that no other way out of the situation could be found.

"RED ROSE" PLEASES.

Wins High Praise From Greensboro Audience—Here Next Saturday.

Manager Bailey, of the Academy of Music, last night received a telegram from Manager Harrison, of The Grand Opera House, in Greensboro, paying high tribute to the big musical comedy success, "The Red Rose," which will be seen here at the Academy, Saturday, matinee and night. The telegram read as follows:

" 'Red Rose,' which played Greensboro tonight, is one of the better class highest standard musical comedy attractions; well worth big patronage. Production of splendid costumes, new and beautiful; altogether bright, clever and wholesome performance given by big, high-calss company. Wiring this, knowing you will appreciate an unprejudiced report."

NOTICE TO MARINERS

Change of Buoy at the Entrance of Cape Fear River.

The weekly Notice to Mariners, issued by the Hydographic Office of the Navy Department, gives notice of the following change in buoy at the entrance of Cape Fear river:

"Cape Fear River entrance—Whistle buoy to be replaced by gas and whistle-buoy.—About November 1, 1915, Cape Fear river entrance gas and whistle buoy CF, painted in perpendicular stripes, will be established in place of Cape Fear river entrance whistle buoy CF, which will be discontinued.

"The gas and whistle buoy will be cylindrical, with skeleton superstructure, and will show a flashing white light of 390 candlepower every 3 seconds, thus flash 0.3, eclipsed 2.7 seconds, 16 feet above the water."

Mr. Bowden Has Accident.

Mr. R. C. Bowden, manager of the dress goods department at the J. H. Rehder department store, suffered an accident yesterday while riding a wheel to his dinner, at his home on Princess street. It seemed that Mr. Bowden was coming up Fourth street when assailed by a bunch of dogs, that got in front of him and barked. Trying to dodge one of them, he ran into another and fell from his wheel, bruising up his face and injuring a shoulder. It is expected that he will be out in a few days.

PLANS FOR SCHOOL OPENING

Examinations at High School Friday and Saturday—Meeting of Principals Yesterday.

Preparatory to the opening of the city schools on Monday morning, the students of the primary grades are requested to report at the different schools on Friday morning and the new pupils are asked to come Saturday morning. Examinations for entrance into the High School will be held Friday and Saturday.

Mr. John J. Blair, superintendent of the schools, and the principals held a conference yesterday at 11 o'clock for the purpose of completing arrangements for the opening. It is expected that the enrollment this year will break all former records.

All children in the beginner's classes, and those who have never attended the Wilmington schools before, are asked to report to the building where they expect to attend school on Saturday morning between 9 and 11 o'clock. The doors of the buildings will be open during this period. All second, third and fourth grades children for the Union, Hemenway, William Hooper, Cornelius Harnett and Isaac Bear will report to their respective schools on Friday of this week and take the seats in the rooms which they occupied last year. They will be given book lists and lists of supplies and assigned to their new rooms, so that they can begin work promptly on Monday morning.

All pupils are requested to have due regard for the districts as published by the Board of Education. If it is thought necessary to make transfers, on account of crowded conditions, this will be done immediately after the opening of school.

There will be no sixth grade classes formed at the Isaac Bear, William Hooper, or Cornelius Harnett. Pupils for these classes will report to the Union and Hemenway.

Mr. Heman Shaw, principal of the High school, has issued the following notice to the pupils of the High school:

"Pupils, who are required to stand entrance examinations and re-examinations, are asked to report at the High School on Friday and Saturday of this week at 9 o'clock each day to take the examinations. They will be examined in English, history, German, geography and botany on Friday and in mathematics including algebra and geometry and Latin on Saturday.

"All pupils, who attend the High School the coming year, are requested to secure the same kind of textbooks as were used in the school last year. There are no changes.

"New pupils from outside the city, entering for the first time, are requested to report at the principal's office on Friday or Saturday morning, bringing with them certificates or grades from the school formerly attended. They are also requested to bring the textbooks used in the school last attended."

Mr. Shaw has issued the following instructions for pupils entering the High School on Monday morning:

"All former Wilmington High School pupils are requested to report Monday, October 4, at 9 a. m. at the High School building, bringing with them textbooks and promotion cards. They are also requested to report in the recitation rooms which they occupied at the close of school last June. New rooms will be assigned them by the teachers after 9 o'clock.

"Pupils who graduated from the grammar schools last June are requested to assemble at 9 o'clock at the High School and remain on the campus until they are assigned rooms.

"Pupils, entering for the first time and not included in the lists of last year's grammar school graduates, are asked to report at the principal's office at 9 o'clock and they will be assigned rooms."

BOY SCOUTS ACTIVE.

Will Have One-Mile Relay Race on Market Street Friday Afternoon.

The Boy Scouts of the Y. M. C. A., Troop No. 1, will have a one-mile relay race on Market street, ending at the Y. M. C. A., Friday afternoon at 6 o'clock. The preliminary was held yesterday morning at 7 o'clock on Fourth street. The following boys won in the preliminary and will represent their patrols in the finals Friday afternoon: William Ek and Carl Mahler, stag patrol; Harry Tucker and Neil McEachern, lion patrol; Howard Green and William Mahler, panther patrol. Each boy will run one-half mile. The winning patrol will be given a boat ride and supper at Greenfield Lake Saturday evening, October 2nd.

Troop No. 1 met at the Y. M. C. A. Tuesday to re-organize, and to work out a programme of scout activities for the fall. The relay is the first event on the fall programme. A number of business matters were attended to, two of which were of special interest. The Panthers elected Howard Penton patrol leader to succeed Clewell Howell. A committee was appointed to arrange for a reception to parents. At this reception more than 50 merit badges will be awarded.

At the meeting Tuesday, the Y. M. C. A. troop was formally turned over to Mr. C. Walton Johnson, the new boys' secretary, by Mr. Odis B. Hinnant, who has been the popular and efficient scoutmaster since the organization of the troop last fall. Mr. Hinnant as city boys' work secretary, will remain in an advisory relation to the troop.

GOD MUST DO MIRACLES

Rev. Mr. Hatch Discusses "The Holy Spirit, What Is It?"

Every seat was taken last night at the Adventist church, on Sixth Street, between Church and Castle, to hear Professor Hatch on the Holy Spirit. "The Spirit of God," he said, "is a divine influence, just as electricity is a mechanical influence. It is the force with which God operates in nature and the hearts of men.

"God must do miracles," he continues, "else I could not trust Him. Miracle is the use of the higher law, or rather it is a use of the law that man has not yet discovered. If I had sufficient knowledge and power, I could walk upon the water." Tonight he will speak on the subject. "The Unseen World." Music wil be good and seats are free.

Under Dixie Poster Adv. Co.

The Schloss Bill Posting Plant has been placed under the direction of the Dixie Poster Advertising Company. The report is denied as being erroneous, that the plant had been sold to a Richmond or Norfolk firm, according to Mrs. S. A. Schloss. Mr. Paul Comes will remain as manager of the business in this city.

FARMERS TO OBSERVE SEED SELECTING DAY

Mr. J. P. Herring Gives Some Interesting Figures

State Department of Agriculture Gives Data for Growing Corn—Can Be Grown at Cost of 25 Cents a Bushel.

Mr. J. P. Herring, county farm demonstrator, stated yesterday that he hoped that all the boys of the corn clubs and the older farmers of the county would observe October 9 as seed selecting day. This day has been proclaimed by Governor Craig as fire prevention day, in accordance with an act passed by the last General Assembly, and by the State Department of Agriculture as seed selecting day.

"It would mean much to the State if observed," Mr. Herring stated. "Insurance Commissioner Young estimates that by its observance two million dollars could be saved by avoiding needless fire losses. A seed selecting test in cotton at the Experiment station resulted in a gain of from 1,050 pounds to 1,442 pounds to the acre or an increase of 37 per cent. The corn crop for this year is estimated at 59,000,000 bushels. If this could be increased in the same proportion, we could make for the State in 1916 of 20,000,000 bushels which at present prices would mean $20,000,000 for the farmers of North Carolina. Twenty million bushels added to this year's yield would just about supply North Carolina.

"These figures look large and to many increditable, but it is as little as we can afford to do to select our our seed carefully and test the matter for ourselves.

"We are asking a few of the careful farmers to select seed this year and plant a seed patch next year. Three or four dollars a bushel for seed carefully grown this way is cheap seed to the farmer and better than paying someone to do this work for him."

Mr. Herring appeals to the farmers to have better seed, better stock and more prosperous farms for New Hanover and last but by no means least to have an exhibit at the Corn Show.

The following clipping from the Extension Farm News is commended to the farmers and others by Mr. Herring:

"When farm demonstration work was started in the State seven years ago, it announced as one of its principal features the stopping of the buying of corn by North Carolina farmers. Since that time the average yield per acre has increased seven bushels and we still need more corn in the State. Therefore it is still working on the matter of increasing the corn yield per acre, estimating that it will take about 30 bushels per acre with the present acreage to supply all of our needs. This will at least be true when we get more live stock.

"The organizaton has also learned through the keepng of thousands of farm accounts in corn growing that with good methods of farming corn can be produced at an average price of about 25 cents per bushel. When shipped in from other states the price ranges around $1 per bushel. The farmer, therefore, who is buying corn is doing so to his own detriment. If the money which has been sent out of the State for corn, pork and hay in the last forty years had been kept at home by growing these things here, the amount would have made us a rich people.

"There are a few simple principles necessary for the growing of large and profitable crops. These principles are easily understood by farmers and give results when properly applied. They may be named as follows:

"1. Deep Breaking—Under average conditions successful corn crops can not be made with shallow breaking. The demonstration force considers from eight to twelve inches deep breaking.

"2. Supplying Humus—Most of our farm lands are simply starved for humus. Therefore strenuous efforts in demonstration work are being made in winter cover crops to supply this deficiency.

"3. Proper Cultivation—Many a corn crop has been reduced 50 per cent., and often more, by one improper cultivation.

"4. Good Seed—At present the matter of seed selection is being urged, because this is the season for such work. While advocating the matter from day to day, they are going to make a strenuous effort on October 9 to get thousands of bushels of good seed corn selected and properly housed. For selecting seed corn the plant as a whole should be considered, and not merely the ears. Under most conditions stalks with two ears are more satisfactory than stalks that bear more or fewer than this. The next selection is of the ears. In this part of the work there is advocated medium sized cobs with much depth of grain and ears well filled out over the butts and the tips.

"Well improved corn easily yields from five to fifteen bushels more per acre than scrub corn. If every acre planted in corn this year had produced five bushels more on account of the best seed possible, it would have added 16,000,000 bushels of corn to our State yield. If every ear of corn grown in the State this year had produced ten grains more than it did (five grains more by the better filling of the tip and five grains by the better filling of the butt) it would have added 300,000 bushels of corn to our crop in the State. It is intended, therefore, that it is up to the farmers of the State to increase their yields to such an extent that hey will not have to buy corn. This is a busy season on the farm, but there is nothing of more importance than that of procuring good seed to plant. Don't forget October 9."

Rural Carrier Examination.

The United States Civil Service Commission has announced an examination for the county of Brunswick, N. C., to be held in Wilmington, October 23, 1915, to fill the position of rural carrier at Bolivia and vacancies that may later occur on rural routes from other postoffices in the above-mentioned county. The examination will be open only to male citizens who are actually domiciled in the territory of a postoffice in the county and who meet the other requirements set forth in Form No. 1977. This form and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practicable date.

TO SELECT STATE COMMANDER

Gen. James I. Metts Prominently Mentioned as Successor to General Carr—Meet in Raleigh.

Gen. Julian S. Carr, commander of the North Carolina Confederate veterans, who was recently elected as commander of the army of Northern Virginia of the U. C. V., has issued an official call for a meeting of delegates from the different camps to be held in Raleigh on October 20th ror the purpose of electing his successor as head of the State organization.

Gen. James I. Metts, commander of the Third Brigade of the U. C. V., has been nominated for the position and so far as known has no opposition. He has been endorsed by the Cape Fear Camp of Wilmington and a number of other camps in the State. General Carlton, of Statesville, was the first to mention General Metts' name for the place and a number of leading Confederate veterans of the western part of the State have stated that they believe him to be the man for the position.

The friends of General Metts in Wilmington are confident that he will be elected. Strong resolutions have been adopted by the Cape Fear Camp and sent to the other camps in the State.

A copy of the official order for the meeting in Raleigh was received yesterday by General Metts. It is as follows:

"Confederate Reunion—Headquarters North Carolina Division Confederate Veterans.

"General Order, No. 54.

"Paragraph 1. A meeting of the duly accredited delegates from the camps composing the North Carolina Division of the United Confederate Veterans is hereby called to be held in the hall of the House of Representatives at Raleigh at 8 o'clock P. M., on Wednesday, the 20th of October, 1915, for the purpose of holding the annual election of Commander of the division and of each of the four brigades, and for the transaction of such other business as may then be determined upon.

"Paragraph 2. According to the constitution of the United Confederate Veterans, only those delegates will be allowed to vote, or have voice in this meeting, who represent camps that are reported by Adjutant General Mickle as having paid their dues. It is hoped that there will be a full attendance.

"By order of "JULIAN S. CARR,
"Lieutenant General.

"H. A. LONDON,
"Adjt. Gen. and Chief of Staff."

BANKS PAYS COSTS

James Best Released is Unofficial Report Yesterday.

Mat Banks, colored, was the only offender heard in trial yesterday before Recorder Empie. Mat didn't mind being alone to stand trial, the addition of a few more or a few less offenders being considered unimportant from his point of view, but the loneliness he felt when left with a few dollars less in his purse was the inconvenience that will probably make him a little more careful in the means he uses for getting even with the next fellow who tramps on his corns. Mat was tried for assault and battery and taxed with the costs.

Dora Williams, who some days ago cut Joe Holland, now in the James Walker Memorial Hospital as a result, will get a hearing today before the Recorder. She claims Holland was assaulting her when she cut him.

It was unofficially stated yesterday that James Best, who went to the roads the day before in default of a fine of $10 and costs, had paid up and is out.

HERE TO ESTABLISH A UNIVERSALIST CHURCH.

Rev. W. H. McGlauflin, U. S. General Superintendent, in City.

Rev. W. H. McGlauflin, general superintendent of the Universalist church of the United States, was here yesterday in company with Rev. W. O. Bodell, pastor of the Universalist church of Kinston, guests of Mr. J. E. Robinson, on Castle street. Their purpose here is to look for a location to establish a Universalist church.

Universalists from other places have been coming here for a number of years, and it is the purpose of Mr. McGlauflin to hold services here in one of the theatres on a Sunday in the near future and see how well the Universalists of the city will rally to its support, and if thought advisable, a church will be established.

Rev. Messrs. McGlauflin and Bodell leave this morning for Mountville, S. C., to hold a South Carolina State Convention, such as was recently held at Clinton for the North Carolina church.

Died in Goldsboro.

Friends here and elsewhere will learn with regret of the death of Mrs. R. N. Bowden, which occurred a few days ago at her home in Goldsboro. She was in her 71st year and is survived by her husband, two sons and three daughters, all of Goldsboro. The funeral was held yesterday from the residence and interment made in the Willow Dale cemetery at Goldsboro.

—The British steamer Hilredale sailed yesterday afternoon for Havre, France, with a cargo of cotton from Alex. Sprunt & Son. This is the second cargo of cotton to be exported this season.

October 1-2

Mrs. H. A. Charles and daughter, who have been visiting Mrs. Charles' brother, Mr. B. W. Newkirk, returned to their home yesterday.

* * *

After a delightful visit with his grandmother, Mrs. Frederick Fosgate, Midshipman J. E. Reinburg, Jr., has returned to the Naval Academy, at Annapolis, Md.

* * *

Capt. and Mrs. J. D. Price have gone to Jacksonville, Fla., to spend a week or ten days. They will visit other points in Florida and Georgia, while away.

* * *

Mrs. George E. Leftwich returned to the city last night from Hartsville, S. C., where she attended the wedding of Dr. John G. Stanley, formerly a resident of Wilmington.

* * *

Yesterday's Raleigh News and Observer: "Miss Isabel Gulley, of Wake Forest, was a visitor here yesterday. She was en route to her home from Wilmington. She will return to Wilmington next Friday to teach at the High School."

* * *

The Winter Park Civic League will hold its first meeting for this season Friday afternoon at 4 o'clock at the Winter Park school house. All members are requested to attend and bring a prospective member. A social half hour will be enjoyed after the meeting.

* * *

Miss Anna Troutt, secretary of the Y. W. C. A., requests any young women, who wish to be examined by the association's consulting physician, preparatory to joining the class in physical culture, to report at the association building this afternoon between 4 and 5 o'clock, or this evening between 8 and 9 o'clock.

* * *

Miss Bessie Mills was the recipient of a shower of useful presents, given her Tuesday night at the home of Mr. and Mrs. C. H. Mills, in East Wilmington, in honor of her approaching marriage to Mr. E. C. Ashe. There were about 20 of Miss Mills' friends present to enjoy the delightful refreshments and social time. The home was beautifully decorated for the occasion.

* * *

EXPECT OPENING NIGHT TO BE DELIGHTFUL AFFAIR.

Opening night at the Young Women's Christian Association Friday night will be a most delightful affair and the public is cordially invited to attend the entertainment, which will begin at 8 o'clock. Arrangements for the event were completed at a joint meeting of the educational, physical, religious, membership and social committees which was held at the association building yesterday morning. The entertainment will mark not only the formal opening of the fall activities of the association, but will witness the first opening of the new gymnasium to the public.

There will be seven unique booths in the gymnasium which will be in charge of the different departments of the association. Symbolical of the nature of the work of the association, the booth in charge of the religious work committee will be in the center of the room with the other booths arranged in a circle around it. Each will be attractively decorated in colors.

Attractive souvenirs will be distributed at the booth in charge of the physical committee. Refreshments will be served at the booth in charge of the domestic science department. The millinery and sewing booth will have a pretty display of the work of the classes in these subjects the past year while the art and embroidery booth will contain a beautiful exhibit of pictures and handiwork by the teachers of these subjects in the educational department of the association. In connection with the booth for the German, French and business classes, there will be an exhibit by the class in first aid to the injured. The membership committee will also have a booth. An opportunity will be given those desiring to do so to register either for the gymnasium classes or for work in the educational department.

The affair will be the most elaborate entertainment yet given by the association but will be entirely informal. Everyone will be made to feel at home and it is hoped that all the friends of the association will attend.

MOVING DAY CLOSE AT HAND

Tomorrow Marks Beginning of New Year for Renters—Activity Hardly Up to the Normal.

Transfer wagons and automobile trucks piled high with furniture and household wares of all descriptions is a familiar sight in Wilmington this week. According to time honored custom, moving time in Wilmington has been set for October 1, and the signs of increased activities on the part of the transfer companies is due to the desire of many to seek new surroundings and new neighoors.

Inquiry among real estate dealers brings the information that there will hardly be as much moving this year as usual, but this does not mean that there will not be a great many who will change homes. Many are moving to the suburbs, where they have purchased their own homes, while others wishing to be in closer communication with city scenes are moving in.

The man who figured on paying less rent for his home this year has found but little tendency toward reductions. There will be some vacant houses in the city after October 1 but the owners expect to have the opportunity to rent them before the year closes and are showing little inclination to make a decrease in the price at this time, it is stated. Especially is this true of the higher priced residences. Some of the cheaper houses have been reduced in price.

The moving fever is contagious and in some sections of the city there will be an almost entire change of residents while in others there will be little if any moving done.

Renting agents are advertising long lists of homes for rent but state that they are going fast. There have been many who have waited until the last minute.

PERSONAL PARAGRAPHS.

—Mr. E. A. Faulk, of Lumberton, was an Orton guest yesterday.

—Mr. W. C. Johnson, of Estill, N. C., registered at the Orton yesterday.

—Mr. Edward S. King, of Norfolk, was among the Orton guests yesterday.

—Mr. G. B. Farah, of Rock Hill, S. C., spent yesterday in the city, an Orton guest.

—Mr. J. D. Ezzell, of Dunn, spent yesterday in the city, a guest at the Orton.

—Mr. C. A. Thomas, of Calabash, N. C., was a guest at Hotel Wilmington yesterday.

—Mr. W. L. Phifer, of Raleigh, was a visitor in the city yesterday, a guest at the Orton.

—Mr. J. H. Newberry, of Warsaw, was among those registered at the Orton yesterday.

—Mr. Theo. F. Meinhart, of Greensboro, was among those who registered at the Orton yesterday.

—Mr. J. B. McNeely, of Hamlet, was a Wilmington visitor yesterday, a guest at Hotel Wilmington.

—Mr. W. L. Walters, of Richmond, Va., was a Wilmington visitor yesterday, a guest at the Orton.

—Messrs. G. E. Burwell, M. H. Hays, J. H. Howell, V. O. Willis and O. H. Everhart, of Charlotte, were among those who registered at the Orton yesterday.

—Capt. R. P. Paddison, of Point Caswell, N. C., who is ill at the James Walker Memorial Hospital, is improving slowly, but steadily, was the report last night.

—Mr. Marion Avent, who lives at No. 806 North Fourth street, underwent an operation yesterday at the James Walker Memorial Hospital, and was resting nicely last night.

—Mr. W. C. Thomas, of Evergreen, underwent an operation at the James Walker Memorial Hospital yesterday, and to the delight of his friends, is recovering rapidly.

MANY SAW REHDER'S DISPLAY

Whole Store in Gala Attire—More Than 400 New Style Hats in Array. Good Decorations.

Many women from all parts of the city were greeted with one of the beautiful sights of the fall season yesterday when they entered the millinery department of J. H. Rehder & Company's big department store on North Fourth street. The whole store was decorated tastefully and had a gala appearance, but the brilliance of the millinery department was dazzling. The beauty of the occasion of the annual millinery opening was enhanced by the hundreds of well dressed women who had been attracted by the brilliance and the opportunity it offered to get an idea of the kind of hats that would be in style this fall and winter.

The long vista of the millinery department was decorated all the way with Southern smilax, palms and pot plants, as was all the store. In the center was a continuous row of tables dotted with hat stands, on the top of which were the season's latest creations in Continental, in bi-cornered and tri-cornered effects; French double deckers, bordered with fur, sailor effects, plain hats, polka effects, and probably leading in purely American patterns, all made up in fine trimmings, of fancy ostrich plumes, silver, gilt and plaid.

Velvets seemed the most popular, closely followed by beaver, while felt, plush and velour were in evidence. Rich purple seemed to be the leading color, while navy blue and national blue were close in order, the scene was tinged with an autumn brown.

Miss Sarah Gardner, the popular young milliner, has charge of the department on the first floor, while Mrs. R. C. Bowden has charge of the work room on the second floor. They were both well pleased with the excellent patronage yesterday and were sorry in the evening that a large number of the prettiest hats had been sold and were taken from the beautiful collection.

The whole store was in a festive mood and much business was done in every department. Mr. A. Alligood, who is general manager for the store, was well pleased with the day's business. A good number of sales were made in the domestic department under care of Miss Grace Bornemann. Mrs. P. L. Dawson, in charge of the coats and coat suits department, assisted in the millinery when not busy with her own. Mr. L. J. Scott, in charge of the clothing department, has one of the best showings in the city.

The men's hats department at Rehder's is not overlooked at all, and Mr. H. E. Ortmann, who has charge of it, has one of the best lines in the city. The carpet department is well established, while the manager, Mr. A. Teitz, is an experienced carpet man.

Miss Bradshaw, manager of the notion department, with her valuable assistants, has something new for the season.

PROGRAMME COMMITTEE

Plans for Annual Corn Show Rapidly Taking Form.

The first meeting of the representative executive committee which has charge of the annual corn show and industrial parade, was held yesterday in the Merchants' Exhibit room, near corner of Chestnut and Front streets, with all members present.

The most important business was to appoint Mrs. Robert Ruark, Mrs. J. W. Yates, Col. Walker Taylor, Messrs. A. O. McEachern and W. A. McGirt, as a programme committee to have charge of arranging dates, location for tents, etc. The committee discussed financing, prizes and other features, but took no definite action.

—Mr. M. T. Chisholm, who has been manager of the shoe department at Rehder's department store in Brooklyn, takes a position tomorrow with the Wilmington Shoe Company. Mr. Ozen Carrier, who has been in the domestic department, succeeds to Mr. Chisholm's position at Rehder's.

Packed into sacks of strong new cambric—machine sewed—then loaded into clean, paper-lined cars, under protecting roofs—Valier's Dainty Flour is fine flour *kept* fine.
It is milled *slowly* to retain full baking quality of the flour and sifted through silk to get fineness. Sometimes it costs a trifle more by the sack, but always it costs less in use, because it makes more baking.
Valier's Romance Flour is Valier's Dainty Flour with self-rising ingredients mixed in accurate proportions. Requires no salt or baking powder

RELIGIOUS WORK OF Y. M. C. A.

General Fall Work Opens October 4—Membership Increasing for This Season.

There was a meeting last night of the Religious Department of the L. M. C. A. in the committee room of the association building to set their plans ready for the approaching opening of fall activities. Leaders of most of the different departments were appointed and decision was reached to open the general fall work next Monday, October 4, the educational department to open October 12.

The meeting was presided over by Mr. R. F. Coleman, chairman of the Religious Department committee, while interesting talks were made by Mr. Odis B. Hinnant, city boys' secretary, on the general religious work of the association, and Mr. C. W. Johnson, building boys' secretary, who told of the general programme of religious activities in the building, consisting of the Sunday meetings, Bible classes and personal work.

It will be remembered that the association stood high in point of conversions and Bible class examinations the past year, but they expect to double their record this year.

Mr. M. J. Cowell was elected secretary of the general religious work committee, for the coming season. Mr. J. W. Hollis was made chairman of the exterior work committee. The men's meeting committee will be presided over by Mr. A. B. Croom, Jr. The Bible study committee is in charge of Mr. K. W. Price, while the boys' division committee leader has not yet been chosen. Mr. M. J. Cowell, will also have charge of the foreign missionary committee, while the personal interview committee will be directed by Mr. Odis B. Hinnant.

Plans for men's meetings and Bible study were discussed at length, and it was decided that the larger men's meeting in the Bible study department be held once a month, and that the class be taught by Rev. Dr. A. D. McClure. The teacher for the personal work class will be selected and announced later. The physical culture gymnasium class is rapidly growing, and is in charge of Mr. J. P. Seitters. They are now holding three classes a week for men and boys. These classes take up work in recreative and corrective calisthenics, games of basketball, volley ball and aquatics. All men and boys must take a regular physical examination before they can enter these classes.

FUNERAL OF MR. DULS

Many Attend Last Sad Rites of Their Beloved Friend Yesterday.

Many sorrowing friends attended the funeral yesterday of Mr. J. W. Duls, whose death occurred Tuesday evening at his home, corner Nun and Second streets, after a long illness. The services were conducted from the residence by Rev. F. B. Clausen, pastor of St. Paul's Evangelical Lutheran church, at 4 o'clock, thence to St. Paul's church. The interment was made in Oakdale cemetery.

The pallbearers were: Honorary, Dr. C. P. Bolles, Messrs. Martin Rathjen, John Haar and L. Hanson; active, Messrs. J. H. Kender, Charles Schnibben, S. A. Bissenger, C. W. Polvogt, M. G. Tiencken and J. W. H. Fuchs.

POMPEIAN OLIVE OIL
ALWAYS FRESH-PURE-SWEET
AWARDED GOLD MEDAL SAN FRANCISCO EXPOSITION

BABY HOSPITAL IS CLOSED

Cared for 14 Babies During Season and Expects to Do Better Next Year in Own Building.

Mrs. C. L. Pridgen reported last night that the Baby Hospital in the Bear Annex to the James Walker Memorial Hospital, closed yesterday as had been the original plan, after a most successful season, during which they cared for 14 babies, returning ten to their parents in perfectly recovered health. Only two of the diseased children died and two were still in bad health when the time came for closing the institution for the season.

It is the plan now of the management to have their own building by May 1st next year and open up for a longer term than the hospital was open this year. They hope that some real estate man will find it convenient to make some provision for them, but if this can't be done, it is the intention of the committee to find some location for themselves, as they expect that the James Walker Memorial Hospital will have other use for the Bear Annex next year.

The committee in charge of the work is composed of Dr. C. L. Pridgen, chairman; Mrs. G. H. Croom, secretary and treasurer; Senator W. B. Cooper, Miss Margaret Gibson, Mrs. J. M. Solky and Mrs. C. L. Pridgen.

At the close of this season the committee has on hand about $150 with which to carry on the work. They met yesterday and voted thanks to the James Walker Memorial Hospital for their kindness and also for the use of the Bear Annex, and all those who have made donations, or in any way contributed to the success of the institution.

They say that while finances are not so easy right now, they are optimistic over the coming season, as the excellent work has shown its own great worth, and that when the season began three months ago, there was not a trained nurse in the city who knew how to handle babies, while they now have six well trained baby nurses. Next year when in their own building, plans for which will be started as soon as the October renting season is over, they expect to make this institution far more serviceable to the city.

TO BRING SUIT IN COURT.

Fish Inspector States That Brunswick Fisherman Will be Indicted.

Mr. H. L. Gibbs, State Fish Commissioner, and Mr. W. C. Montgomery, fish inspector for New Hanover, Pender and Brunswick counties, spent several days at Southport this week, making an investigation of the alleged violations of the fish law by fishermen. It was claimed that large numbers of mullets were being caught and used for other than edible purposes.

Mr. Montgomery stated yesterday that it was found that the law was being violated and that there would be a number of indictments made in Superior Court at Southport next week.

Mr. Gibbs and Mr. Montgomery went to Southport at the urgent request of citizens there who stated that the law was being violated. They went into the matter quite thoroughly and found sufficient evidence, they believe, to justify them in bringing suits in the courts. Mr. Gibbs has returned to his home at Oriental but will probably return next week.

Committee to Draft By-Laws.

Col. C. H. White, Messrs. E. J. Woodward and Davie Barber, were appointed a committee by Shipp-Bagley Camp, No. 6, Spanish War Veterans, at their meeting Tuesday night, to draft by-lows, to be presented to the Camp at their meeting October 7th. After the by-laws have been adopted they will be sent to the National Headquarters, recently moved from Cleveland, O., to St. Louis, Mo., for approval.

LOCAL DOTS.

—The store burned at Navassa last Sunday morning was that of Mr. W. W. Carroll and not J. T. Carroll, as stated. Mr. Carroll states that $400 will not exceed his loss.

—A deed was filed for record yesterday by which Faith Smith and John W. Gafford transfer to E. D. Warren and wife for $300 and other considerations, a lot on the east side of Sixth street, 99 feet north of Brunswick, 33x132 feet in size.

Father Dies at Goldsboro.

Dr. J. B. Kennedy, father of Mr. J. R. Kennedy, deputy collector of internal revenue, died at Goldsboro Tuesday morning. Many friends here and elsewhere will tenderly sympathize with the well known revenue collector. The deceased was a son of Col. J. T. Kennedy, sheriff of Wayne county during the war, and was a Confederate soldier himself. The funeral was held yesterday at Falling Creek Methodist church, interment in the church yard.

Died in Henderson.

News was received in the city yesterday by relatives, that Mrs. H. H. Bass, wife of Dr. H. H. Bass, of Henderson, died yesterday evening at 6 o'clock at the Sarah Elizabeth Hospital, in that city, after a short illness. Mrs. J. A. Fountain, of this city, sister of the deceased, was at her bedside when the end came.

Mr. Newkirk at Montgomery.

Mr. Bryant Newkirk, of this city, who recently became advertising manager of the Montgomery (Ala.) Journal, after several years with the Atlanta Constitution, is a son of Mr. and Mrs. B. W. Newkirk, superintendent of the Cape Fear Machine Works. His many friends here are glad to know of his success.

To Drive Out Malaria And Build Up the System

Take the Old Standard GROVE'S TASTELESS chill TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents.

DIED.

LANE—September 28th, at his home, 410 Red Cross street, this city, James H. Lane.

Funeral this (Thursday) afternoon, from St. Mark's Episcopal church.

Friends and acquaintances respectfully invited to attend.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents. [1-69]

COTTON OFF NEARLY $3 BALE

Selling Checked by Apprehension of Damage by Storm—Close Easy at 49 to 57 Points Decline.

New York, Sept. 29.—There was a break of nearly $3.00 per bale in the cotton market here today with January contracts selling off to 12.11 compared with 12.64 at the close last night and 12.75, yesterday's high record. Closing prices were 2 or 3 points up from the lowest on covering, but the final tone was easy at a net decline of from 49 to 57 points for the day.

The market opened at a decline of 16 to 22 points under overnight selling orders attracted by the more reactionary ruling of yesterday's market and in sympathy with weakness in Liverpool. Selling was checked early, however, by apprehensions of damage from the Gulf storm and rallies carried January contracts from 12.43 to 12.63 and December up from 12.25 to 12.51. Demand then tapered off and prices worked off several points from the best under renewed realizing, but selling was again checked by the weekly report of the weather bureau which said that little top crop was expected and there was a second bulge of several points during the early afternoon. Demand failed to broaden on this improvement, and the market later became sensationally weak under general selling. hTere seemed to be no particular change in the general character of the news, but there appeared to be a very general disposition to liquidate long contracts in advance of the government's crop report expected Saturday. Prices broke almost as rapidly as they had recently advanced. October contracts sold at 11.54 December at 11.95 and March at 12.33 in the late trading, or 53 to 59 points under last night's closing figures, and in the case of January contracts, $3.20 per bale under yesterday's high record.

Cotton futures:

	Open.	High.	Low.	Close.
October ..	11.90	12.15	11.54	11.60
December .	12.30	12.51	11.95	11.97
January . .	12.47	12.68	12.11	12.15
March . . .	12.72	12.94	1233	12.36
May	12.88	13.07	12 55	12.52

Spot cotton quiet; middling uplands 11.90; no sales.

COTTON SEED OIL MARKET.

New York, September 29. — Cotton seed oil suffered a sharp setback in prices today, under general liquidation precipitated by the big decline in cotton. The break caught a number of stop orders. Some of the selling was attributed to refiners, although they were not doing anything openly. October tenders of about 1,200 barrels were put out. Final prices were up a shade from the low point, but showed a net loss of 14 to 24 points. Sales, 41,600 barrels. The market's undertone at the close was unsettled. Spot, 6.60; September, —; October, 6.82; December, 6.82; January, 6.91; March, 7.14; May, 7.37.

LIVERPOOL COTTON MARKET.

Liverpool, September 29. — Cotton: Spot, unchanged; good middling, 7.36; middling, 7.04; low middling, 6.56. Sales, 12,000; for speculation and export, 2,000; receipts, 1,000; futures, weak. September, 6.79; September-October, 6.79; October-November, 6.79; November-December, 6.83½; December-January, 6.84½; January-February, 6.85½; February-March, 6.86½; March-April, 6.87½; April-May, 6.87½; May-June, 6.88; June-July, 6.86; July-August, 6.84½; August-September, 6.70.

NEW YORK DRY GOODS.

New York, September 29. — Cotton goods and cotton yarns were strong and active today. Indian Head bleached goods were advanced ½c. a yard. Underwear and hosiery were very firm and more active.

NEW YORK PROVISIONS.

New York, September 29. — Sugar — Raw, quiet. Centrifugal, 3.75@3.88; molasses sugar, 2.98@3.12; refined, quiet.

Butter—Steady.

Cheese—Steady.

Coffee—Spot, steady; Rio, No. 7, 6¾; Santos, No. 4, 9c.

Waynesville, N. C., Sept. 29.—The North Carolina body of Daughters of the American Revolution in 15th annual convention here today endorsed the Ellen Wilson Memorial and selected Raleigh as the place of next year's meeting. The session was attended by delegates from 28 State chapters. The meeting ends tomorrow.

Platt's Opening October 4th, 108 Market street. (advertisement.)

HAD PELLAGRA; IS NOW CURED

Hillsboro, Ala.—J. W. Turner, of this place, says: "I ought to have written you two weeks ago, but failed to do so. I got well and then forgot to write you. I can get about like a 10-year-old boy; you ought to see me run around and tend to my farm. I can go all day just like I used to. I am so thankful to know there is such a good remedy to cure people of pellagra."

There is no longer any doubt that pellagra can be cured. Don't delay until it is too late. It is your duty to consult the resourceful Baughn.

The symptoms—hands red like sunburn, skin peeling off, sore mouth, the lips, throat and tongue a flaming red, with much mucus and choking; indigestion and nausea, either diarrhoea or constipation.

There is hope; get Baughn's big Free book on Pellagra and learn about the remedy for Pellagra that has at last been found. Address American Compounding Co., box 2097, Jasper, Ala., remembering money is refunded in any case where the remedy fails to cure.—Adv't.

RUB-MY-TISM

Will cure your **Rheumatism** Neuralgia, Headaches, Cramps, Colic, Sprains, Bruises, Cuts and Burns, Old Sores, Stings of Insects Etc. **Antiseptic Anodyne,** used internally and externally. Price 25c.

WHEAT SUFFERS A RELAPSE

Close of Market Unsettled, With the Prices Net Lower—Corn and Oats Also Closed at a Decline.

Chicago, September 29. — Wheat underwent a bearish reaction today, largely in consequence of reports which suggested a growing likelihood of the opening of the Dardanelles. The market closed unsettled, 1 to 1⅝c. net lower, with December at 94⅝@94¾, and May at 97¼@97⅝.

Corn lost ⅛ to 2⅝, and oats a shade to 1¼.

In provisions the result ranged from 7½c. decline to a rise of 25 cents.

Grain and provisions closing:

Wheat—September, 1.03⅝; December, 94⅝; May, 97¾.

Corn—December, 54⅝; May, 56⅞.

Oats—December, 35⅞; May, 37⅞.

Pork—October, 13.40; January, 16.00.

Lard—October, 8.17; January, 8.25.

Ribs—October, 8.75; January, 8.92.

Cash grain:

Wheat—No. 2, red, 1.03@1.05½; No. 3, red, 97@1.02; No. 4, red, 80@90; No. 2, hard, 1.03@1.05½.

Corn—No. 2, yellow, 65¾@67½; No. 4, white, 64.

Total receipts since August 1st, to date, 45,719 bales.

Total receipts to same date last year, 9,575 bales.

BY RIVER AND RAIL.

Receipts of Cotton and Naval Stores at This Port Yesterday.

Atlantic Coast Line—4,446 bales cotton; 12 barrels rosin; 5 barrels tar; 4 barrels crude turpentine.

Seaboard Air Line—492 bales cotton; 34 barrels tar.

Str. Whitlock—5 casks spirits turpentine; 42 barrels rosin; 10 barrels tar.

Total—4,938 bales cotton; 5 casks spirits turpentine; 54 barrels rosin; 49 barrels tar; 4 barrels crude turpentine.

WILMINGTON PEANUT MARKET.

(Quoted by J. S. Funchess & Co.)

Wilmington, Sept. 29—North Carolina Peanuts—Market, weaker. Fancy hand picked, 65c.; No. 1, machine picked, 60c. per bushel.

Virginia Peanuts — Unsettled. Jumbos, 66c.; fancy hand-picked, 55c.; No. 1, machine picked, 50c. per bushel.

Spanish Peanuts — Weaker. No. 1, small, machine picked, 75c.; Jumbos, 65c. per bushel.

All receipts, light.

PETERSBURG PEANUT MARKET.

(Reported by Rodgers, Plummer & Co., Inc.)

Petersburg, Va., Sept. 29.—Spanish: Farmers' Stock—Market weak and unsettled. First quality, 80c. per bu. asked; 75c. bid; off grade, 30c. to 40c. per bu.

Virginias — Farmers' Stock — Market quiet. Fancy Jumbo, 3¼c. per lb.; fancy hand-picked, 3c. per lb.; extra prime, 2¾c. per lb.; shelling stock, 2c. to 2¼c. per lb.

PRODUCE MARKETS.

(Quoted by W. J. Meredith, Sept. 29.)

CORN—$2.20 per sack.

PEAS—Out of season.

IRISH POTATOES—40c.

SWEET POTATOES—Yams, 60c. to 65c. per bushel.

BEEF—Native dressed, 7@9c.; good demand.

PORK—Small, 10@11c. per pound.

SHEEP—Dull at any price.

WOOL—Burry, 19 to 28c.; black wool, 17 to 20c; first class white wool, 27c.; free, 27c.

HIDES—Green salt, 12@13c.; dry flint, 17c. per lb.; good demand.

NORTH CAROLINA BACON — Old hams, 19c. to 20 c.; sides and shoulders, 15c. per lb. Good demand.

BEESWAX—Firm, 28c. per lb.; good demand.

POULTRY — Chickens, grown, 40c.; spring, 15c. to 30c. per head; good demand. Turkeys, out of season.

EGGS—24c to 25c.

CHICAGO LIVE STOCK.

Chicago, September 29.—Hogs—Steady. Bulk, 7.25@8.25; light, 7.60@8.40; mixed, 6.90@8.40; heavy, 6.65@8.25; rough, 6.65@6.90; pigs, 6.00@8.00.

Cattle—Firm. Native beef cattle, 6.10@10.50; cows and heifers, 2.90@8.35; calves, 8.00@11.50.

Sheep—Easy. Wethers, 5.70@6.50; ewes, 3.50@6.00; lambs, 7.00@9.25.

RECORD SALES IN STOCKS

Big Gain in First Half of Session is Lost Before the Close—Total Transactions 1,575,000 Shares.

New York, Sept. 29.—Completion of the preliminaries connected with flotation of the Anglo-French loan was used as a lever for another extravagant movement in special stocks today but gains were largely, if not wholly, obliterated before the close, the weight of realizing sales overcoming absorptive capacity. All records of recent years as to activity, breadth and extent were surpassed in the first half of the session at which time quotations were at highest levels. Trading slackened later with the general recession of prices, but total transactions approximated 1,575,000 shares.

At various times it was evident that selling for profits was proceeding on an enlarged scale while new buying seemed to be on a more cautious or tentative character.

There were indubitable signs that the frenzied movement in war shares had caused a further withdrawal of investors, pending some readjustment of the existing abnormal situation.

A temporary rise of 1 to 2 points in railways and other issues which once ruled as speculative favorites was regarded as a cloak for liquidation in less stable quarters of the list. Specialties, especially those of the war variety, derived some of today's added strength fro mthe revival of rumors of new deals or mergers.

Included among the specialties which broke all previous high records were Continental Can up 17 1-4 at 111; Lackawanna Steel, 13 at 94 3-4; Crucible Steel, 8 1-2 at 109 3-4; Tennessee Copper, 7 5-8, at 68, and American Car & Foundry, 4 3-4, at 85. Some of these maximums were reduced by 8 to 9 points while other active specialties closed at actual losses. Foreign exchange reflected by its strength the settlement of the details of the international loan, but offerings of bills on London and Paris were relatively light.

Bonds were irregular with some selling of high grade issues in the later dealings. Total sales, par value, aggregated $6,750,000. United States bonds were unchanged on call.

POPE NOT TO LEAVE ROME.

Only Under Circumstance Foreseen and Provided for 25 Years Ago.

Rome, via Paris, Sept. 28.—The King of Spain last May offered the Escurial Palace a part of the monastery of San Lorenzo, near Madrid, to Pope Benedict as a residence should the pontiff decide to leave Italy. The vatican now announces that, though grateful to the King and the Spanish episcopacy for this offer, the pontiff has no intention of leaving Rome.

This, it is added, could happen only under circumstances which have been foreseen and carefully studied by a special commission of cardinals appointed by Pope Leo 25 years ago, when it was established how the departure of the Pope from Rome and Italy should occur, if the safety of his person and the liberty of his ministry were threatened.

THE WEATHER.

IMPROVEMENT HAS BEGUN

Interview With Mr. Walters in Full in Wall Street Journal—Credit to Allies Strongly Urged.

(Wall Street Journal, 28th.)

Improvement has begun in conditions in the South, according to Henry Walters, chairman of the Atlantic Coast Line Railroad.

To that portion of the country and grain growing states the proposed credit to the Allies is most important. In his opinion this credit should amount to $1,000,000,000, or more if required, and should be subscribed for by all sections of the country, according to their means. To The Wall Street Journal Mr. Walters says:

"The South, after a year of the strictest economy, has, in my opinion, seen the worst of its trials and a reasonably steady improvement has begun.

"In the last thirty days the Birmingham district shows a marked improvement, due possibly to the shortage elsewhere of pig iron, and the lumber industry is at last showing increased orders and better prices.

"The satisfactory manner in which cotton prices are holding in the face of the loss of sales to Germany and Austria is giving confidence to all Southern merchants and giving good profits to the producers, where last year the latter made only losses.

"Present crop is the cheapest raised since 1895, when the cost of production did not average over six cents.

"I do not see how the cotton crop now picking can exceed 12,000,000 bales, in view of the great decrease in acreage, as reported by the government, and the use of only one-half the usual amount of fertilizers.

"I understand many of the northern mills realize this and are buying freely at present prices.

"Too much stress cannot be laid upon the benefit to the 'Cotton South' from the experience of last year.

"Permanent warehouses already constructed, or which are now nearing completion, in the South will care for more than 5,000,000 bales under perfect conditions and at insurance rates of 1-4 of 1 per cent.

"The Allies should be given a credit by this country of $1,000,000,000, or more if they require it, upon such terms as will make all sections of the country subscribe liberally to it, according to their means, and no sections are more interested in the establishment of this credit than the cotton and grain growing states, especially the latter, which are likely to have serious competition from Argentine and the Black Sea unless this credit be given promptly and wholeheartedly."

BENCH WARRANTS FOR EIGHT.

Men Held Responsible for Eastland Disaster to be Arrested.

Chicago, Sept. 28.—Bench warrants for the arrest of eight men named in Federal indictments as being responsible for the capsizing of the excursion steamer Eastland with the resultant loss f 812 lives were issued today. The warrants were placed in the hands of the United States marshal.

United States District Attorney Clyne declared that Martin Clatow, excursion agent of the Chicago-St. Joseph Steamship Company, and Charles Lasser, watchman for the steamship company, were questioned by him today. Mr. Clyne refused to disclose the information given him. An investigation into charges that the Eastland was sunk by dangerous projections on the bottom of the river has been in progress for some time.

The grand jury is expected to return further indictments tomorrow in connection with the fixing of responsibility for the overturning of the Eastland.

FRENCH SENATE PASSES BILL.

Providing $1,248,000,000 for National Defense for Three Months.

Paris, Sept. 28.—The Senate today passed the bill already approved by the chamber providing the sum of 6,240,000,000 francs ($1,248,000,000) for national defense for the last three months of this year.

During the discussion of the bill, the minister of finance, M. Ribot, said:

"We are preoccupied with England in obtaining a certain stability of negotiations with America which will permit us to improve the situation as to exchange, and I do not doubt that America will give evidence in real form of its unquestioned sympathy."

$4.75 Excursion to Raleigh

On Account of the

N. C. Agricultural Fair

The Atlantic Coast Line will sell excursion tickets from Wilmington to Raleigh, N. C., at $4.75, including one admission coupon to the Fair. Tickets will be sold for all trains on

OCTOBER 16TH TO 23RD, INCLUSIVE

Limited returning up to and including midnight of October 25th, 1915. Proportionately low fares, on same dates and with same limit, will be made from all stations in North Carolina and Virginia.

LONG DISTANCE WIRELESS TELEPHONE IS A SUCCESS

(Continued from Page One.)

an assured fact, in the opinion of officials of the company here, who said it would have been attempted before this but for the European war.

They declared that talking from New York across the Atlantic and from here to Japan is but a matter of installing the necessary apparatus.

PROTECT AMERICAN INDUSTRIES BEGUN AS RESULT OF WAR

(Continued from Page One.)

est purpose to provide, so far as it lies in my power to do so, that American industries shall not suffer from a type of unfair competition at the hands of foreign producers which would be forbidden if it took place at the hands of American producers."

TO APPEAL TO SCOTCH FOR FLORA M'DONALD ENDOWMENT

Scottish Society of America to Present Portrait Next Year

(Special Star Correspondence.)

Raleigh, N. C., Sept. 29. — The central council of the Scottish Society of America, in session here today, directed Dr. C. G. Vardell and Miss Elosie McGill, of Red Springs, to prepare and issue with the widest possible circulation an appeal to the Scotch in America and Canada for substantial aid in the raising of the $500,000 endowment fund for Flora McDonald College, formerly the Southern Presbyterian College, Red Springs.

Also, Mrs. Marshall Williams, of Faison, was chosen as the artist to paint a portrait of Flora McDonald, from the famous oil painting in London, this to be presented to the Flora McDonald College by the Scottish Society of America at the next commencement season.

There was an arrangement made for a program to be worked out for a great ceremony next May, in dedication of the college property at Red Springs, as the great Flora McDonald College, as planned.

Governor Craig presided for the meeting today, and the session was in the executive offices. Those present were Col. Benehan Cameron, Raleigh; L. A. Bethune, Clinton; Dr. Vardell and Miss McGill, of Red Springs; Mrs. Williams, of Faison, and State Treasurer B. R. Lacy.

BRITISH PREPARE TO BEGIN THE MARCH AGAINST BERLIN?

Officer from Dardanelles Believes Most Important Operation is Near.

Athens, via Paris, Sept. 29.—"I believe we are on the eve of the most important operation of the war, namely, the landing of troops in Macedonia to begin the march, not so much on Constantinople as on Berlin," said an officer attached to the general staff of the British army on the Gallipoli peninsula, who has come to Athens from the Dardanelles front.

"The two offensive forces are gradually closing in. The Mesopotamia expedition is approaching nearer to Bagdad, and from the Suvla Bay-Gaba Tepe line an attack on Constantinople may begin at any moment.

The officer who gave expression to these ideas is Compton Makenzie, who is attached to the intelligence department of the general staff at the Dardanelles. He reached Athens yesterday from the front.

Commenting on the situation further, and particularly in the Balkans, Captain Makenzie said:

"It is my opinion that the co-operation of Greece with the Allies will begin the last chapter of the war. One more gap in the iron ring around Austria and German is being closed. The final victory will be fought out on the plains of Hungary. The way to Berlin lies through Budapest and Breslau."

REOPEN CANAL OCTOBER 5

Many Ships Are Awaiting Passage Through Panama.

Panama, September 29. — The Panama canal will be reopened to traffic October 5. This announcement was made today by Lieutenant Colonel Chester Harding, engineer of maintenance. Major General George W. Goethals, governor of the Panama Canal Zone, is expected to arrive from the United States in time for reopening of the canal.

There are now sixty-three ships waiting to pass through the canal, and, counting those now on the way to each end of the waterway, there will probably be one hundred vessels of all kinds in the Panama waters by the fifth of October.

STOP AMERICANS' RECRUITING.

Arrangements Made for Their Release from British Army.

London, Sept. 29.—There have been so many cases of zealous recruiting sergeants inducing American members of the crews of cattle boats and other craft to join the British army that Robert P. Skinner, the American consul general, has effected arrangements with the board of trade by which such men who repent of their enlistment shall be promptly released.

The facts in all the cases are strikingly similar. Men arriving in England are met on board ship by recruiting agents. The British government does not favor the practice and is doing all it can to break it up.

London, September 29. — Three hundred thousand Austrian and German troops have begun an advance on the Serbian frontier, in the direction of Orsova, says the Athens correspondent of the Exchange Telegraph Company.

PLUMP FOLKS AND THIN FOLKS

Famose Will Make People Fat—"Money Back If it Fails" Says J. Hicks Bunting.

This remarkable discovery comes in tablet form and when taken after meals mingles with the food and helps it to assimilate so that it makes rich blood and pleasing plumpness. No one can use this wonderful flesh-forming food for 16 days without a noticeable gain in flesh and strength. Carefully kept statistics show that out of every hundred people who begin the use of Samose, 98 per cent increase in weight and their health and strength are restored.

J. Hicks Bunting has so much confidence in this remarkable flesh forming food and health restorer that he is willing and glad to allow any customer to deposit 50c with him and take home a box of Samose with the understanding that if it does not give a marked increase in good firm flesh the money will be returned without any questions.

Take advantage of this offer. The risk is all his, and you have almost the certainty of a pleasing gain in plumpness.

GERMANS' THIRD LINE OF DEFENSE IS BEING ATTACKED BY BRITISH

(Continued from Page One.)

port with the loss of all but a few members of the crew is reported in a dispatch from Constantinople to the Overseas News Agency.

"A special dispatch from Constantinople gives reports about Mohammedan troubles in India," says the news agency. "It says that a British transport was sunk by a Mohammedan engineer, who died with the troops. Only a few members of the crew escaped."

GERMAN LOSSES 120,000

Number Officially Given by the French War Office.

Paris, Sept. 29.—German casualties in the recent offensive of the French and British including killed, wounded and prisoners were given officially by the French war office today as in excess of the strength of three army corps (more than 120,000 men).

HAVE REACHED AGREEMENT

Bulgarians Will Enter War With Central Powers October 15 is Report.

Paris, Sept. 29.—"Bulgaria and the central powers have concluded a precise agreement, according to authoritative information," says the correspondent at Saloniki, Greece, of the Temps. "Under this agreement Bulgaria will enter the war on October 15."

Plans for the campaign are now being drawn up by the Bulgarian general staff, th ecorrespondent says, with the assistance of numerous German officers who have arrived in Sofia. Bulgarian officers say no attack will be made on Greece.

BANKERS PLANNING FOR PLACING LOAN

(Continued From Page One.)

money solely for government purchases here, leaving the importers to their own devices to pay their bills in the United States.

Whatever arrangement is made to relieve the importers abroad, will be entered into between the importers and their government and American shippers will not be directly concerned.

The bonds will probably be offered to the public within two weeks and they are soon to be listed on the stock exchange here.

Many Financial Concerns Take Part.

A partial list of banks, trust companies, and financial houses in New York city which will participate as syndicate managers for New York in the loan was made public tonight. These include thirteen of the largest national banks, a large number of trust companies and twenty-eight financial houses which include August Belmont & Co., Kidder, Peabody & Co., Ladenburg, Thallman & Co., William Solomon & Co., J. and W. Seligman, Kountze Brothers, HallGarten & Co., Heidelbach and Ickelheimer & Co.

COMPTROLLER GIVES RULING.

Ten Per Cent Limitation Does Not Apply to Government Loans.

Washington, September 29. — Comptroller of the Currency Williams has ruled that a government is not considered to be a person, company or firm, or corporation, within the meaning of the National Bank act, and, therefore, the limitation on the amount of loans to ten per cent. of a bank's capital and surplus does not apply in connection with loans to a government.

The ruling was given in answer to inquiries from National banks, which, it is understood, are interested in the $500,000,000 dollar credit loan to the Allies.

RETURN TO NEW YORK.

Anglo-French Commission Completes Work in Chicago.

Chicago, Sept. 29.—Thomas W. Lamont, of J. P. Morgan & Company, and the four members of the Anglo-French credit loan commission, who came here yesterday to confer with Chicago bankers, completed their work today and returned to New York.

Mr. Lamont, before leaving, declared that all of his visitors had expressed themselves as appreciating the objects of the loan. He predicted that the $500,000,000 in bonds would be absorbed by the public much more quickly than was generally thought.

FAVORABLE COTTON WEATHER

Staple Ripening All Over Central and Eastern States.

Washington, Sept. 29.—Reviewing the week's weather in the cotton belt, the National Weather and Crop Bulletin today said:

"Continued warm and dry weather favored the ripening of cotton over all central and eastern states of the cotton belt and picking progressed rapidly, a large portion of the crop having already been gathered, even in the higher elevations and northern districts.

"In Texas and Oklahoma, frequent rains delayed picking and heavy showers in Oklahoma caused considerable damage. The crop is ripening slowly in Oklahoma and boll weevil are destroying all new bolls in Texas. No top crop is expected in the latter state and the yield of the middle crop is disappointing; and little top crop is expected in any other portion of the belt."

OFFICES OF BAILIFF AND COURT CRIER DISCONTINUED

In Western North Carolina District Federal Court.

(Special Star Telegram.)

Washington, D. C., Sept. 29.—On October 1st the offices of bailiff and court crier in the Western judicial district of North Carolina will be discontinued. The services ordinarily performed by those officers will hereafter fall to the lot of deputy marshals and Judge Boyd's stenographer. A saving of $2,000 annually will result.

This change already has been made in a number of judicial districts. If applied to all the country, Uncle Sam would save $150,000 a year. P. R. A.

FIVE NEGROES ELECTROCUTED

All Die Within Hour and Ten Minutes in South Carolina Penitentiary.

Columbia, S. C., Sept. 29.—Five negroes were electrocuted at the state penitentiary here today within an hour and ten minutes. Joe Malloy was executed for the murder in Marlboro county four years ago of Prentiss Moore and Guy Rogers, both white. The other four, Meeks Griffin, Tom Griffin, John Crosby and Guy Rogers, were convicted of the murder of John Q. Lewis, an aged Confederate veteran, in 1913.

Langsford, Pa., Sept. 29.—With almost 60 hours having passed since a fall of the roof in the Foster tunnel of the Lehigh Coal and Navigation Company's operations at Coaldale entombed 11 miners at noon Monday, fear that the nin emen still imprisoned in the mine have perished, was expressed tonight.

WEEKLY SESSION OF COUNCIL

City Fathers Refuse to Give Consideration to Letter of Dr. Nesbitt. Routine Matters.

City Council was in session for an hour yesterday morning and outside of some discussion relative to the revoking of a license for a negro dance hall on the northeast corner of Seventh and Nun streets, there was little about the meeting that smacked of heated debate. As a closing act of a rather "dry" session, Council by a unanimous vote refused to give consideration to a letter from Dr. Nesbitt, county health officer, with reference to the failure of the city to have weeds on the streets removed, and referred the matter to the Board of Health.

The letter from Dr. Nesbitt was written about ten days ago in reply to a communication from Council to the Board of Health calling attention to weeds growing in vacant lots. The letter had been overlooked until yesterday when it was presented to Council by Mayor Moore. Upon motion of Councilman McCaig, who called attention to the fact that the original request was made to the Board of Health and not to the county health officer, it was unanimously decided to return the letter and ask for a reply from the health board.

Dr. Nesbitt pointed out in his letter that there are two serious difficulties in the way of compelling property owners to cut down weeds on private property, the first being that when they are notified to cut down the weeds on their property, attention is at once called to the failure of the city to have weeds removed from the streets and demand that the city be compelled to comply with the regulations. He pointed out that the same objection has been met in attempting to deal with other nuisances. Dr. Nesbitt also stated that there is great difficulty in establishing the responsibility for nuisance conditions that are maintained by a city government.

"I would most respectfully suggest, as I have often done before," Dr. Nesbitt wrote, "that the various departments of the city government comply with the health regulations and thereby remove these great obstacles to the successful enforcement of the laws."

The pastor of St. Luke's colored Methodist church appeared before Council to request that a dance hall at Seventh and Nun streets in the vicinity of his church be suppressed. Chief of Police Williams understood the minister to mean that he wanted to force the people to go to church by closing the dance hall while Councilman McCaig thought the preacher simply wanted to get rid of a nuisance. Councilman Merritt stated that while the remarks of the minister might be interpreted to mean that he wanted to get the people to go to church by closing the dance hall, he thought that his request should be given careful consideration.

Chief of Police Williams wanted to know what Council thought about the proposition. Personally he would like to see all such places closed but had not received any complaints, he said, from the minister although some other people in the community had made complaint. Upon motion of Councilman McCaig, seconded by Councilman Merritt, Council instructed Chief of Police Williams not to issue any more licenses for the hall. Councilman Jones voted against the resolution.

Mr. D. R. Foster was before Council to request that a change be made in the ordinance forbidding a garage or automobile repair shop to be conducted in a building where there are living apartments. He thought that there should be no objection to the operation of automobile show rooms in such buildings. Mayor Moore told him that he thought satisfactory arrangements could be made.

It was voted by Council upon motion of Councilman McCaig that city employes, getting a salary of over $100 a month, pay their telephone rent. Councilman Jones voted against the motion.

Councilman McCaig stated that he had been much pleased to note the splendid progress that is being made on the digging of Macomber's ditch. Councilman Bradshaw said that he thought City Engineer Struthers and Mr. F. M. Abeel, who is supervising the work, deserve to be congratulated for the way in which they are handling the job. Councilman McCaig also spoke of the fine condition of Red Cross street which has recently been improved.

The Universal Oil & Fertilizer Company was allowed to pay a general tax of $10 a quarter instead of the special license for manufacturing cotton seed oil, as it appeared that the company has not made any cotton seed oil for the last two years.

A claim against the Fidelity Trust & Development Company for $34.13 was ordered to be cancelled, as it appeared that the city had borrowed from this concern seven barrels of Tarvia, worth $35, for which nothing has ever been paid.

The contract for painting the standpipe at the pumping station was awarded to Mr. J. I. Bland for $150, he being the next lowest bidder to Mr. Archie Marine, who threw up the job.

BOOKS FOR Y. W. C. A.

Library Contains Long List of Interesting Volumes Recently Received.

There has recently been received at the Young Women's Christian Association a large number of new books for the library. These have been catalogued and placed on the shelves for the use of the members of the association. The list of books includes the following volumes:

"Land Birds East of the Rockies," "Sea Birds East of the Rockies," by Chester A. Reed; "Field Book of Wild Birds," by Mathews; "Hand Book of Nature Studies," by A. B. Comstock; "Birds That Hunt and Are Hunted," "How to Know Wild Flowers" and "Bird Neighbors" by Neltje Blanchen; "Hour Glasses," by Yeats; "House of the Mistar Star," by Frances Little; "Pollyana Grows Up," by Eleanor Porter; "Still Jim," by H. Willis; "Turmoil," by Tarkington; "Miranda," by Grace Lutz; "White Alley," by Carolyn Wells; "Lovable Meddler," by Leona Dalrymple; "Contrary Mary," by Temple Bailey; "Little Conrad," by Stevenson; "Goodly Fellowship," by Schauffler; "Old Curiosity Shop," "David Copperfield' 'and "Tale of Two Cities," by Dickens; "Martha-by-the-Day," by Lippman; "Blue Flower," by Van Dyke; "Anne of Avonlea," by Montgomery; "Cloistered Romance," by Olmstead; "Little Colonel Books," by Johnston; "Daddy Long Legs," by Webster; "Shepherd of the Hills," by Wright; "Red Pepper Burns," and "Mrs. Red Pepper Burns," by Grace S. Richmond; "Just Patty," by Webster; "Anne of Green Gables," by Montgomery; "Ben Hur," by Wallace; "Girl of the Limberlost," by Porter; "Broad Highway," by Farnol; "Cry in the Wilderness," by Waller; "First Violin," by Fothergill; "Inner Shrine," by King; "Lightning Conductor," by Williamson; "Mary Carey," by Bosher; "Mother Carey's Chickens," "Mr. Pratt's Patients," by Lincoln; "Peter," by Smith; "Personal Conduct of Belinda," by Brainerd; "Queed," by Harrison; "Secret Garden," by Burnett; "Tales of Uncle Remus," by Harris; "Voice of the People," by Glasgow; "Cordelia Blossom," by Chester; "Joyce of the North Woods," by Comstock; "The Southerner," by Dixon; "Silent Battle," by Gibbs; "Conquest of Canaan," by Tarkington; "Lavender and Old Lace," by Reed; "Master's Violin," by Reed; "V. V. Eyes," by Harrison.

Ardmore, Okla., Sept. 29.—Funerals of victims, rebuilding of demolished houses and investigation o establitfr houses and investigation to establish the responsibility for Monday's explosion and fire which resulted in the deaths of 47 persons, injuries to more than a hundred others and property loss of a million dollars were the features of today's activities here.

Business Locals

Advertisements inserted under this head, One Cent per word for each insertion, but no advertisement taken for less than 25c. Additional words more than 25, One Cent per word. Unless the advertiser has a regular account, all advertisements under this head are STRICTLY CASH IN ADVANCE. The amount being too small to warrant a charge. The Star will send without charge a Western Union messenger to any address in the city, for advertisements in this department, upon request by 'phone to No. 51. Messengers will also call for telegrams for the Western Union Telegraph Company, or for notes or small packages to be delivered anywhere in the city. No charge for collecting the telegrams, or advertisements for the Star, but a small charge for Strictly Messenger Service. Telephone subscribers may at any time telephone their telegrams and bills will be rendered to suit the sender, daily, weekly or monthly. For this service, call "Western Union," but for advertisements always call the Star office, No. 51. Advertisements cannot be taken over the telephone—but upon request messenger will be dispatched to any part of the city for them. Contract advertising inserted "till forbid" will be discontinued only on written notice from the advertiser.

FIRE PREVENTION DAY

All persons occupying offices in semi-fireproof buildings should religiously observe fire drills, become acquainted with the fire escapes, learn the location of exits, fire extinguishers, etc., because some day you may need them. When that fire does come to your building, suppose it comes at night? What then? Some night, in the wee small hours, a little curl of smoke in that waste paper basket will suddenly leap into flames. Will the watchman see it? There is no watchman. Your office, furniture, records, business, all are a blazing furnace. The policeman on the street sees the blaze, but before the fire department arrives, what you are chiefly interested in is ready for the underwriters. Tear your hair, call the building's owner names, but it will be too late. NOW, before it's too late, move quickly into a FIREPROOF building. The Murchison Building is FIREPROOF. The building CANNOT BURN, and if your waste paper basket burns, there is a WATCHMAN, ever alert, making rounds before your door, punching a watchman's clock. He must be on his job; the clock checks him up to a minute. He must see that little blaze, and while you sleep, he has slipped a shot of Pyrene into the basket, and it's over. Occupants of the Murchison Building do not carry fire insurance on the contents of their offices. F. G. Cover, Renting Agent, in room 401, will tell you more about this modern building, if you will call on him. F. G. COVER, Sup't.
